Quality Guaranteed

Southeastern Metals™ produces over 3,000 galvanized, steel and aluminum building components, specializing in metal roofing, ventilation products, trims, flashings, steel framing, corner bead and drywall accessories. Every product is precision engineered and manufactured to the highest standards to promote greater strength and durability while enhancing overall structural integrity after installation.

Since the company's foundation in 1963, Southeastern Metals™ has grown into one of the region's leading manufacturers of metal building products. In 1997, Gibraltar Industries acquired the company, uniting the quality product line of Southeastern Metals™ with the nationally respected brand name of Gibraltar. As a member of the Gibraltar Industries family, Southeastern Metals™ is part of a billion dollar network of manufacturers expanding across the globe. With the support and backing of Gibraltar, Southeastern Metals™ will remain the name you can trust for quality metal building products.

Southeastern Metals' strong focus on excellence means our customers can expect superior products and outstanding service every time they call. Our metal roofing adheres to the strictest standards, being both Miami Dade County, and Florida Building Code approved.

Southeastern Metals' corporate office and manufacturing base is headquartered on a 300,000 square-foot complex in Jacksonville, Florida allowing us to service over 1,900 locations in the southeastern United States, and beyond.

GALVANIZED STEEL

All galvanized steel products are zinc coated as specified by ASTM-A-653, Federal specification AA-S-775 E.

Caution: Do not use in contact with copper or pressure treated lumber

ALUMINUM

All aluminum products are as specified by ASTM B-209, Federal specification QQ-A-250 E.

Caution: Avoid direct contact with dissimilar metal and with concrete or mortar

FINISH

All bare 26 gauge galvanized products have a zinc coating of G-90 for corrosion resistance.

All painted products have a gloss polyester color coating over primer.

CUSTOMER SERVICE: 800-874-0335 • FAX 904-696-2536 • DELIVERIES: 7 TO 10 BUSINESS DAYS

Skylight Panels

Designed to work with SM-RIB and PBR Panels. High performance glazing that stands up to punishing exterior applications. Polycarbonate Panels offer multiple advantages over traditional fiberglass panels: up to 20 times greater impact resistance, the highest light transmission rates, the lowest yellowing index, the highest load rating, and the highest resistance to wind uplift-outstanding properties confirmed in accredited laboratory testing.

Clean Mesh® Advanced gutter protection system. Stainless steel micro mesh is effective against small debris, including pine needles, seed pods and shingle grit. Fascia mount for 5 in. or 6 in. K-Style gutters. Available in 3 and 4 ft. lengths. Patent: 8,635,811

Screen Mesh® Advanced gutter protection system. Durable aluminum construction with stainless steel micro mesh. Under shingle mount for 5 in. or 6 in. Super Gutters, Box Gutters and K-Style gutters. Available in 4 and 5 ft. lengths. Patent: 8,474,192

Gutter Helmet® The Nose Forward Design extends to the edge of the gutter, eliminating all vertical openings. Gutter Helmet's patented Textured/Ribbed Surface increases rain handling capabilities, tensile strength and is more attractive than flat panel knock-off's. Gutter Helmet® includes a PermaLife™ coating that will not chalk or fade. Engineered to last a lifetime, Gutter Helmet® installs over new or existing gutters. Only Gutter Helmet® can rightfully say you will Never Clean Your Gutters Again®!

Gutter Helmet® can only be purchased through and installed by factory-trained and certified dealers. Every installation includes a careful assessment of your roof, gutters and fascia boards as well as gutter tune-up and realignment.

J-Bead A channel-type trim that provides a neat protective edge for wallboard at windows and doors. Widely used as a terminal at intersections of wallboard and other surfaces

Description	Part #	Carton	Pallet
1/2 in. x 10 ft. - Galvanized Steel J-Bead	12839	50	2,450
1/2 in. x 10 ft. - Vinyl J-Bead	70084	50	2,400
5/8 in. x 10 ft. - Vinyl J-Bead	70083	50	2,400

L-Bead An angle-type trim provides a finished appearance for wallboard edges at door and window openings. Hemmed edge. Nailing flange is knurled and perforated to aid compound adhesion

Description	Part #	Carton	Pallet
1/2 in. x 10 ft. - Vinyl L-Bead	70085	80	3,840
1/2 in. x 10 ft. - Galvanized Steel L-Bead	13039	50	2,400

Corner Bead Strong, durable and straight reinforcement for drywall and veneer plaster corners.

Description	Part #	Carton	Pallet
1-1/4 in. x 8 ft. - Vinyl Corner Bead	10518	50	2,500
1-1/4 in. x 10 ft. - Vinyl Corner Bead	10512	50	2,500
1-1/4 in. x 8 ft. - Galvanized Steel Corner Bead	10530	63	3,087
1-1/4 in. x 9 ft. - Galvanized Steel Corner Bead	10532	56	2,744
1-1/4 in. x 10 ft. - Galvanized Steel Corner Bead	10524	50	2,450
8 ft. - Superwide Paper-Faced Corner Bead	70086	50	2,800
10 ft. - Superwide Paper-Faced Corner Bead	70087	50	2,800
10 ft. - Superwide Paper-Faced Inside Corner	70088	50	2,800
8 ft. - Big Stick Composite Corner Bead	BS3008	50	1,200
10 ft. - Big Stick Composite Corner Bead	BS30010	50	1,200
1/2 in. x 10 ft. Vinyl Zip Corner Bead	70082	50	2,400

Bullnose Corner Bead Provides an architecturally attractive corner that is both durable and straight on exposed edges of wallboard.

Description	Part #	Carton	Pallet
10 ft. - Vinyl Bullnose Corner Bead	10514	35	1,750
10 ft. - Galvanized Steel Corner Bead	10505	40	1,600

Arched Vinyl Corner Bead Pre-notched to form curves easily. Improved slots for better radius.

Description	Part #	Carton	Pallet
1-1/4 in. x 10 ft. - Arched Vinyl Corner Bead	10513	50	2500
10 ft. - Arched Vinyl Bullnose Corner Bead	70081	50	1750
10 ft. - Composite Arch Stick	AS10	25	600

H-Moulding Used to splice butt joints of plywood soffit systems. Material: Aluminum Extrusion

Description	Part #	QTY.
3/8 in. x 12 ft. Aluminum H-Moulding	12754	50

Mobile Home Skirting Embossed galvanized steel panels in a convenient size. The panels can be attached to a simple frame for mobile home skirting or utilized as a decorative wall covering.

Description	Part #	Bundle	Pallet
26 Gauge Galvanized Steel - 28 in. x 60 in.	13174	10	500

Termite Shield Provides a moisture & termite barrier for wood sill-to-concrete contact.

Description	Gauge	Part #	Bundle
4 in. x 2 in. x 10 ft. - Termite Shield	28	17049	20
8 in. x 2 in. x 10 ft. - Termite Shield	ST	17043	20

Casing Bead Creates a flush stucco stop for framed doors, windows, and other openings. A ridge of nail holes provides for easy installation.

Description	Part#	Carton	Pallet
1/2 in. x 10 ft. Galvanized Steel Casing Bead	10521	30	1,200
1/2 in. x 10 ft. Vinyl Casing Bead	10516	100	2500
3/4 in. x 10 ft. Galvanized Steel Casing Bead	10522	30	600
3/4 in. x 10 ft. Vinyl Stucco Casing Bead	10517	75	1,875

Expanded Outside Corner Bead Expanded diamond mesh wings allow for keying the plaster right up to the nose of the bead. Provides plumb reinforcement at corners.

Description	Part#	Carton	Pallet
8 ft. Galvanized Steel Outside Expansion Bead	10508	40	800
10 ft. Galvanized Steel Outside Expansion Bead	10507	30	900

Expanded Inside Corner Bead Finished edge corner lath provide reinforcement for plastered inner corners. Preshaped to 105° for a snug fit in 90° corners with wings tight against the plaster base.

Description	Part#	Carton	Pallet
3 in. x 3 in. x 8 ft. Galvanized Steel Inside Corner Bead	10509	75	1,500

Galvanized Kal-Korner Galvanized steel to protect exterior corners with veneer plastering. Flanges: 1-1/4 in.

Description	Part#	Carton	Pallet
1-1/4 in. x 1-1/4 in. x 8 ft. Galvanized Steel Corner Bead	99465	80	2,240
1-1/4 in. x 1-1/4 in. x 10 ft. Galvanized Steel Corner Bead	10510	60	1,680

Vinyl Corner Bead Reinforces exterior corners with durable and straight corners.

Description	Part#	Carton	Pallet
1-1/4 in. x 1-1/4 in. 10 ft. Vinyl Corner Bead	10515	50	1250

Diamond Steel Framing™ Stud Featuring embossed chevrons to increase strength and provide proper orientation during installation. Stiffening ribs provide additional strength and rigidity. Deep knurling allows for secure screw connections. 25 Gauge Galvanized Steel.

Description	Part#	Bundle	Pallet
1-5/8 in. x 8 ft. Diamond Steel Framing Stud	15964	10	180
1-5/8 in. x 10 ft. Diamond Steel Framing Stud	15962	10	180
2-1/2 in. x 8 ft. Diamond Steel Framing Stud	15968	10	240
2-1/2 in. x 10 ft. Diamond Steel Framing Stud	15966	10	240
3-5/8 in. x 8 ft. Diamond Steel Framing Stud	15978	10	180
3-5/8 in. x 10 ft. Diamond Steel Framing Stud	15970	10	180
3-5/8 in. x 12 ft. Diamond Steel Framing Stud	15972	10	180

Diamond Steel Framing™ Track Track is used to anchor the partition at floor and ceiling. Channel configuration formed with unhemmed legs sized to receive the corresponding size stud. 25 Gauge Galvanized Steel.

Description	Part#	Bundle	Pallet
1-5/8 in. x 10 ft. Diamond Steel Framing Track	17036	10	180
2-1/2 in. x 10 ft. Diamond Steel Framing Track	17038	10	240
3-5/8 in. x 10 ft. Diamond Steel Framing Track	17040	10	180

Track flanges are "toed" in to provide a friction grip on the stud.

Furring Channel also known as Hat Channel, is a corrosion-resistant framing component used to level uneven surfaces prior to applying drywall sheets to walls and ceilings. 25 Gauge Galvanized Steel.

Description	Part#	Bundle	Pallet
7/8 in. x 12 ft. High Hat Furring Channel	13194	10	500

Rooftop Safety Kit Provides the basic safety tools for OSHA Compliance.

- Universal full body harness
- No tangle vertical lifeline assembly with a swivel snap hook, and integrated shock absorber
- Permanent positioning device with an 18 inch lanyard extension to help keep the device within reach
- 1 Heavy Duty tempered reusable anchor.
- 3-1/2 gallon bucket

Description	Part#	QTY
