Mr. Rains stated that Phase I Demo on the hospital has been started and hopes that it will be completed by the end of the month. Phase I will consist of the Emergency rooms, Four (4) patient rooms, Lab and the Cafeteria areas. He is hopeful that CMS will give a definition of Critical Assess to the Hospital instead of Acute Care status. He is hoping with a new definition of Rural Health Care, that this will help them make a decision. He stated the hospital will have a very nice, fresh, clean and modern look when done. The painting of the outside will start this week. He stated that the Urgent Care has been very busy. They have had several trauma cases that have been shipped out by ambulance. He stated that Carrus has a great bunch of people working with them. He stated that they will have a Primary physician, Physician Assistant, Specialist, Pediatric Nurse practitioner. We will also be having a Med Spa with cosmetic, Botox, IV Hydrations and wellness days. Carrus has been doing the several School Fitness exams and have found several kids with issues that have been addressed. Carrus will be looking at a Chief of Staff, Medical Director an ER director and Hospital Staff after Thanksgiving. They are looking at adding an Occupational and a Speech therapist to their list and asked if anyone knew of anyone to let him know. Carrus has appointed Maegan Blakeman as the Local Administrator and will be adding more stuff on her, but is very thankful for her and have all the confidence that she can do it.
