WELCOME TO LIVING FAITH BIBLE INSTITUTE!

Living Faith Bible Institute was established in 2013 upon recognizing a real and growing need among Bible-believing churches. Much of the theological training in the U.S. lacks a faith-based perspective on the Scriptures and is structured in such a way that the growing believer must leave their local church to attend the school — not to mention that most Christian education is exorbitantly overpriced. Our response to this need was to gather a community of experienced pastoral instructors to teach, train, and equip students in the word and work of God, all while ministering within the context of their local church.

Living Faith Bible Institute serves to mold every student into the image of Christ to mobilize them to minister the word of God to the world. We believe that there are three ways to accomplish this: through biblical instruction, personal growth, and faith in action.

We utilize experienced pastors and church leaders for classroom instruction. We desire to teach students how to confidently study the Bible, identify God's will for their lives, and get a vision for personal ministry. We strive to create an affordable and flexible online learning environment that supports a diversity of students. As we continue to grow, we are translating our courses into a diversity of languages to support biblical leaders all over the world.

Our courses don't just function as a means for academic pursuit; we measure success in terms of the application of learning to ministry and life. To this end, we combine experienced pastoral leaders with a curriculum centered on faith in the word of God. We aim for all our courses to have an immediate impact on the ministry of students within their local churches.

LFBI desires to raise up a generation who will reach the world with the gospel. Our end goal is for each of our students to practically apply their knowledge of God's word and his eternal plan so they can lead God's people in the work of evangelism, discipleship, and missions — committing what they have learned to other faithful believers.

Since 2013, our school has grown in student enrollment but most importantly, our students have grown in their desire to know God's word and be mission minded. We invite you to consider our program of study and whether Living Faith Bible Institute is a fit for your spiritual growth and training.

STATEMENT OF FAITH

Living Faith Bible Institute holds a faith-based view of the Holy Scriptures and a biblical philosophy of discipleship and ministry.

THE BIBLE

We believe the Bible is the word of God, inspired and inerrant, and throughout history God has preserved his infallible word in a collection of sixty-six books, beginning with Genesis and ending with Revelation.

(2 Timothy 3:15-17; Psalm 12:6-7; Proverbs 22:12)

DISPENSATIONS

We subscribe to a moderate dispensationalism, which means we “rightly divide the word of truth” by acknowledging God has dispensed eternal life by grace through faith in different ways at different times in human history.

(2 Timothy 2:15; Colossians 1:25-27; Ephesians 3:1-10)

HISTORIC AND FUNDAMENTAL DOCTRINES OF THE FAITH

We believe in the historic and fundamental doctrines of the Faith with regard to:

- The Deity of Christ (1 Timothy 3:16)
- The Virgin Birth (Matthew 1:18-25)
- Christ’s Blood Atonement for Our Sin (Romans 3:23-25; Hebrews 7:25-27; 1 John 1:7; Hebrews 9:12-14,22)
- The Bodily Resurrection of Jesus (Romans 10:9; 1 Corinthians 15:12-20)
- The Second Coming of Christ (Matthew 24:27-31; Revelation 19:11-16; Isaiah 66:15-18)

CHURCH AUTHORITY AND SEPARATION

We believe in the authority of the local church, and its separation from both State and political entanglements.

(2 Timothy 2:4; Ephesians 1:22-23; Acts 13:1-3; Acts 11:25-30)

ORDINANCES

We believe the church has two biblical ordinances:

1. Baptism – in water by immersion for a born-again believer (Acts 8:27-39; Romans 6:4-11)
2. The Lord’s Supper – as a memorial “to shew the Lord’s death till he comes” (1 Corinthians 11:23-24)

THE FREE GIFT OF ETERNAL LIFE

We believe in the free gift of eternal life given to anyone who will believe in Jesus as Savior. (John 3:16; Romans 6:23; Romans 10:9-13; Ephesians 2:8-9)

THE TRINITY OF GOD

We believe in the divine Trinity. Within the nature of the one true God there are three eternal, co-equal persons: The Father, The Son, and The Holy Ghost. (1 John 5:7; Ephesians 2:18)

PREMILLENNIAL RAPTURE

We believe the Bible teaches the harvest (rapture) of the Church, and the seven-year Tribulation period, will both occur prior to the 1,000-year (Millennial) reign of the Lord Jesus Christ on earth after his Second Coming. (1 Corinthians 15:1-58; Revelations 2:1-4:2; 2 Thessalonians 2:5-12)

DISCIPLESHIP

We believe in the responsibility of the local church to disciple Christians in the word of God and its doctrines. Our pattern of discipleship is based on the example of Christ’s earthly ministry and the life of the Apostle Paul. (Matthew 28:19-20; 2 Timothy 2:1-3; Acts 18:8-11; Acts 20:19-20)

OBJECTIVES

As stated before, we desire to mold every student in LFBI into the image of Christ, so they are equipped to minister the word of God to all parts of the world. We do that through emphasizing three areas of student growth: biblical instruction, personal growth, and faith in action. The below objectives outline our focus on these three areas and what we are trusting God to instill in each of our students.

- Students will understand how to support the work of their local church ministries. (Eph 4:11-12; Phil 1:1; Col 1:1-2)
- Students will understand the importance of having their own personal relationship with Christ. (Prov 2:1-6; 2 Tim 3:16-17)
- Students will understand the importance of the work of mentoring and discipling other growing believers. (2 Tim 2:2)
- Students will be able to rightly divide God's word and teach confidently from it. (2 Tim 2:15)
- Students will be competent in God's word to evangelize, disciple and instruct others. (2 Tim 3:14; Mat 28:19-20)
- Students will understand how to have a biblical perspective in a secular world, able to think critically and analytically all within a biblical framework. (2 Pet 3:3-4; 2 Tim 4:1-5)
- LFBI will equip growing leaders for the work of the ministry. (Eph 4:11-16)
- LFBI will provide growing leaders with Bible-centered, faith-based, dispensational theology. (1 Thes 4:1; 2 Thes 3:6-12)
- LFBI will prepare all students for the mission field whether it be locally or globally. (Acts 1:8)
- LFBI will prepare those called for pastoral leadership. (Rom 10:14; 1 Tim 3:1-7)

Associate of Divinity Degree

Our four-year program of study is designed to help working adults get an education that enables a strong understanding of Scripture and gives practical insights and tools for a biblical philosophy of ministry. Students who accumulate 60 credit hours in prescribed courses will receive an Associate of Divinity degree. The program covers three major sections of study: Foundations, Bible Essentials, and Leadership Prep.

International Students

Living Faith Bible Institute has students in Asia, Europe, Africa, and Latin America. We recognize that there is a growing need for inexpensive and accessible Bible and leadership training, not just in the U.S. but throughout the world.

For this reason, we are working on building out our program into a diversity of world languages; we currently have teams who are translating portions of the LFBI content into Spanish and Arabic. We pray that we will be able to continue expanding to these objectives.

LFBI is also currently working on establishing F-1 Visa status so that international students who want to attend classes in person in Kansas City have opportunity to plug into local churches and remain in the United States through their academic career.

ACADEMIC POLICIES

Methods of Instruction

Pastor/Professor lectures are watched in person on campus or by streaming within the myLFBI online classroom environment. Classes may be watched throughout the week if students cannot attend class live. Instructors may administer reading assignments, self-directed study/research, project-oriented assignments, essays or finals. Each week's lecture will conclude with a weekly post-lecture online quiz.

LFBI quizzes will remain posted for 10-days before they are removed. Incomplete quizzes will be an automatic "0". Ensure your success by staying on pace with lectures and completing assignments in a timely manner. Students should not contact professors or institute administrators about "missed quizzes" unless they have a doctor's note or in the case of clear administrative error.

Attendance Policy

Living Faith Bible Institute requires 100% attendance. All attendance issues will be handled directly by the course instructor within your specific class. From there, it may be deferred to the Registrar's Office. If a student misses' class but believes it may be excused, they will contact the Registrar. We believe that students have many potential extenuating circumstances that contribute to absence and for this reason, course records distinguish between excused and unexcused absence. The Registrar's Office staff is available to help students regarding any concern with attendance.

Whether you are attending classes online or in person, it is important for students to put together a personal attendance plan. Being present and prepared for class is critical to getting the instructional experience necessary for growth. The following are the attendance requirements and policies for LFBI:

- Students are responsible for all missed information, instruction and assignments accrued while absent from class.
- For online students, if you miss the live viewing of any class lecture, you will have **ten days** to view the class online before the corresponding quiz becomes inaccessible and you are considered absent.

- All students who miss class (i.e., sickness, missions' trips, work schedules) will be expected to stay caught up with each week's class. Instructors may, at their discretion, grant extensions to students who miss class under special circumstances.
- Students who wish to contest an unexcused absence may fill out the Absence Form on the Resource page of myLFBI for review by the Registrar's Office.

When in live attendance, the student is expected to show common courtesy to the professor and fellow students by being punctual. Students who are regularly late to class or are a distraction to other students are susceptible to being reported to the Registrar's Office.

Grading Policy

LFBI Grading Scale

A: 92-100% Excellent. Mastery of course material.

B: 83-91% Good. Reasonable understanding of course material.

C: 74-82% Satisfactory. Basic comprehension of course material.

D: 65-73% Poor. Minimal knowledge of course material.

LFBI Grade Point Calculation

A 97-100	C 77-79
A- 92-96	C- 74-76
B+ 89-91	D+ 71-73
B 86-88	D 68-70
B- 83-85	D- 65-67
C+ 80-82	F 64-0

Transferring credits:

We transfer students' grade-point averages based on the above scale. LFBI does not transfer letter grades. This is critical to the consideration of student honors at graduation. LFBI instructors will calculate a percentage grade on each assignment entered in myLFBI.

DROP POLICY

- Students have until the second week of semester classes to enroll for two credit hour courses. Students will have until the end of the first week of a one credit hour course to enroll. If students enroll late, the penalty is missing the quizzes associated with any missed sessions while the student was not enrolled.
- There will be no refunds for early withdrawal beyond the second week of class or for incomplete classes.
- Students who enroll in Fall or Spring courses may be re-assigned as an “audit student” upon request prior to the end of week 4 but will not receive a refund. After week 4, all students will receive their earned grade regardless of what was completed.
- Students who enroll in Summer Self-Pace courses may be reassigned as an “audit student” upon request prior to the end of week 3 but do not receive a refund. After week 3, all students will receive their earned grade regardless of what was completed.
- Students will receive a failing grade for an incomplete course. The failing grade will go on their transcript. Contact the registrar to change enrollment status prior to the designated time.
- Students may retake a class for credit the next time it is offered by re-enrolling and paying tuition. Both grades will be recorded on the transcript.

TRANSCRIPT POLICY

- All transferring students who want credit for classes taught through other institutions must submit a transcript and/or a syllabus of classes taken. This includes equivalents to our Foundations classes.
- We will not accept any transcripts listing a pass/fail grade only. Transcripts must show a letter grade (or grade point average) for each course.
- If a student desires to transfer credits with a pass/fail grade, the transcript must be accompanied by a paper written by the student to show the student's mastery of and position on the course subject matter. The paper's scope and grade will be determined by the corresponding LFBI instructor.
- Students must complete at least 2/3 of their study with LFBI in order to graduate.

- Students must complete at least 3/4 of their work with LFBI to be considered for Honors at graduation.
- Sixty (60) credit hours are required for graduation.
- A maximum of 20 transfer credit hours are allowed for graduation consideration.
- A maximum of 15 transfer credit hours are allowed for Honors consideration.
- Transcripts may be submitted to the Registrar's office for review.
- The ministry practicum is required for graduation.
- A Missions and/or Discovery Trip is required for graduation.

Academic Conduct

Academic Misconduct

Academic misconduct is strictly prohibited and will result in an F for the course as well as a board review of student enrollment status.

Disability Statement

Students with a documented disability may contact the LFBI offices to make arrangements for academic accommodations.

Classroom Policies

Classroom policies will be established and enforced by the individual instructor. Cell phones, internet social networking, and other distractions take away from the learning environment. Use these on class assigned breaks only.

Auditing

- All auditing students must apply and enroll the same as "for credit" students.
- Auditing students do not need to provide transcripts to meet requirements for upper-level classes.
- We do encourage all auditing students to follow the prescribed Program of Study, though it is not required.

How to Attend LFBI

In-Person

We believe that in-person learning has a unique advantage, though we also recognize the value of flexible online learning through myLFBI. If you live in the Kansas City area and are available to attend courses on campus, we invite you to join us in person.

Online

Classes are streamed live each week and are also available online after the recording has finished. Online students must complete the lecture and quiz associated with each week's lecture within a 10-day timeframe.

MINISTRY LEADERSHIP (MLD)

MLD 201 Servant Leadership 1 credit

Leadership in the church is a broad topic. One aspect of leadership in the church is “Servant Leadership.” That is the focus of this class. The book of Mark presents Jesus as servant. This course explores Servant leadership primarily using Mark 8-11. We will “walk with Jesus and His disciples” examining His messages to them regarding leading and following. We will learn that leadership in the church is different than leadership in the world. Leaders in the church are to be leaders and servants, not leaders or servants. We serve God and lead others to do the same.

MLD 202 Methods of Evangelism 2 credits

This course will provide the student with the content and context for developing a biblical understanding of evangelism. Through lecture, discussion, small group interaction, and field experience, the student will develop convictions, skills, and confidence in communicating the gospel, while learning how to reproduce these strategies in a local setting like the church, the university campus, or a multicultural context. There will be strong emphasis

on encouraging the student to develop a biblical philosophy of evangelism that reflects a balance of both the theoretical and practical perspectives of evangelism so the Great Commission can be lived out faithfully.

MLD 300 Introduction to Homiletics 2 credits

This course focuses on the preparation and delivery of biblical sermons, studies, and lessons. The student will benefit by engaging in the homiletic work and through experiencing constructive input from the instructor and peers. Women have many opportunities to minister the Bible within the protection and structure of the local church.

This course is intended to build the students' understanding and confidence through repetition and open dialog.

MLD 303 9 Principles of Ministry 1 credit

Many organizations and churches are governed by laws, policies and rules that are prone to stifle the liberty of the individual believers in their congregations. MLD 304 Life of Moses and Elisha 1 credit

An expositional study of the lives of two main Old Testament men, based on twenty stories of their ministry. This study will focus on the miracles and works of Moses and Elisha as types of the New Testament minister, as an instruction manual for those seeking to lead others in the body of Christ. The study will be primarily devotional and practical in nature as the study discovers how the lives of Moses and Elisha foreshadow the life of the minister of the gospel of the Lord Jesus Christ.

MLD 325 The Realities of Biblical Discipleship 1 credit

This course confirms that discipleship is God's heartbeat from Genesis to Revelation and that the church is His vehicle to carry it out today. The ultimate focus of biblical discipleship is to see the image of the Lord Jesus Christ multiplied in those who have been reconciled back to God through the glorious gospel of the Lord Jesus Christ. This course will also present discipleship as the anchor ministry in the local church and where it is absent, sees the church adrift in an ocean of endless programs and fads, which do not yield fruit that remains.

Attention is given to proper procedures for hospital visitation, conducting various kinds of worship services (including baptism and the Lord's Supper), wedding and funeral services, etc. Administrative responsibilities are reviewed: budgets; boards; etc. The personal conduct of the pastor is also examined as it relates to his personal life, the flock, and his oversight thereof. The emphasis is toward practical application giving the student an understanding of how to begin and develop effective cross-cultural ministry.

MSN 311 Missions 1 1 credit

Missions support is a much bigger topic than finances alone. In this course, we will look at the Biblical examples of mission's support, the historical movements and methods employed in missions support, and the role of the local church in modern mission's support. We will focus on six broad areas of support: moral, logistics, financial, prayer, communication, and re-entry support. We will learn how to support singles, families that go, and families that stay.

MSN 312 Missions 2 1 credit

This course will not be a look at the history of missions from a strictly chronological perspective but rather an examination of the key men and movements in missions' history and their impact on the world. We will look at the impact that missionaries and the word of God have had on cultures and how countries develop and how technology has changed our approach to missions.

MSN 313 Missions 3 1 credit

This class will provide students with the essential concepts and methodology necessary to understanding the process and preparation of plant churches.

MSN 314 Israel Trip 1 credit

This class is an on-site study of the physical features of the land of the Bible, stressing geographical factors relating to both biblical and modern history. Preparatory map study and class previews provide the background to a trip in the field. Relevant archeological, historical, and biblical material is correlated with sites, roads, and features in each area. Regions studied and visited include Galilee and sites in Capernaum, Mt. Carmel, and Nazareth; Jordan and Jezreel Valleys with the site of Megiddo (Armageddon); Judah and sites like Qumran, Masada, the Dead Sea, and the Shepherd's Field and Church of the Nativity in Bethlehem; Benjamin and sites in Jerusalem including the Western Wall, Mount of Olives, Garden of Gethsemane, Kidron Valley, Garden Tomb of Jesus, the Tower and Tomb of David on Mt. Zion, and Jericho; the Plain of Sharon and Caesarea; much more including a tour of biblical Jerusalem, with a visit to the Temple Mount, its tunnels, and the Temple Institute. In addition, from a ministry aspect, we will visit residents in Judea, attend churches in Bethlehem and Jerusalem, and see the headquarters of a former member of Arafat's forces who now runs a Christian ministry.

PRACTICUM (PRC)

PRC 415 Missions Discovery Trip Required

LFBI requires a mission trip for graduation. This requirement is in place for many reasons including: enabling future leaders through experience, getting the student out of his/her comfort zone for the sake of the gospel, helping the student to understand culture, helping students begin to understand this aspect of missions, and you may end up a leader in your church, which is a group of people on a mission/who will be going on mission trips.

PRC 420 Ministry Practicum 2 credits

Ministry Practicum is an essential part of your education. It provides an opportunity for you to choose a ministry task, project, or program that will provide an edifying and enjoyable experience. Your service in this practicum will also edify your local church or LFBI as well. The purpose of the practicum is to create the ministry conditions necessary for you to apply what you have learned through the LFBI curriculum; to demonstrate to LFBI instructors that you are effectively becoming an able minister; to educate you as to what ministry leadership is really like; to establish a mentor relationship with an experienced minister; to make disciples; to practice ministry in humility.

THEOLOGY & PHILOSOPHY (THP)

THP 200 Hermeneutics 2 credits

An introduction to the fundamental concepts of correct Bible study, focusing on established and time-honored rules of Bible study, the proper use of basic Bible study tools, and an understanding of the theme of the Bible, namely the Kingdom of God and the Kingdom of Heaven. Implied in the course is the ability to use these tools to communicate and teach the Bible to others.

THP 201 Apologetics 1 credit

This course is designed to equip students to boldly prove biblical Christianity within a secular world while exemplifying a gentle and kind spirit (Mat 10:16). Within this course of study, students will learn several forms of apologetics: proofs for the reliability of scripture, proofs of the Christian faith based in scripture, proofs of the Christian faith based in science and proofs of the Christian faith-based in historical and legal evidentialism.

THP 210 Systematic Theology & Dispensations 2 credits

Students will explore the Bible's revelation of Christian faith to develop sound doctrine on which to build personal ministry. This exploration is conducted from a scriptural perspective in such a way the result is not solely acquisition of data, but a deepening of the student's personal relationship with the One whose enormity is barely touched by this study. This course gives a survey of the basic doctrines of the Bible, placing each truth-topic within a framework of discipleship. This is done systematically from a dispensational and premillennial perspective.

THP 300 World View & Biblical Reasoning 1 credit

Since the Garden of Eden, Satan has inundated the world with lies that are presented and accepted as truth. These lies are often propagated by what we refer to as philosophy, concepts found in the "isms" of our culture. The World Religions & Cults class is intended to give students an overview of the major false religions and cults in our world today. Some philosophies to discuss include: Islam, Buddhism, Hinduism, Mormonism and related sects, Jehovah's Witnesses, Spiritism & Witchcraft as well as other contemporary heretical teachings.
