The following is a non-exhaustive list of records that may be requested to support your upcycled claim:

- Facility production flows
- Product production flows
- Ingredient specification sheets
- Facility maps
- Recall procedures
- Input receiving procedures
- Proof of purchase (receipts, bills of lading, etc.)
- Proof of ingredient diversion (proof of previous ingredient waste, statement of upcycling, etc.)
- Harvest records
- Production Tonnage (raw input, processed input and/or finished product)
- Waste records
- Proof of inconsistent market supply/demand
- Segregation procedures
- Proof of lot number/item code
- Training records
- Marketing materials
- Packaging information (UPC codes, size, weight, type)
- Annual gross sales per product
- Proof of food safety certification in good standing
