

BELU

FILTER IN ACTION

HOW IT WORKS

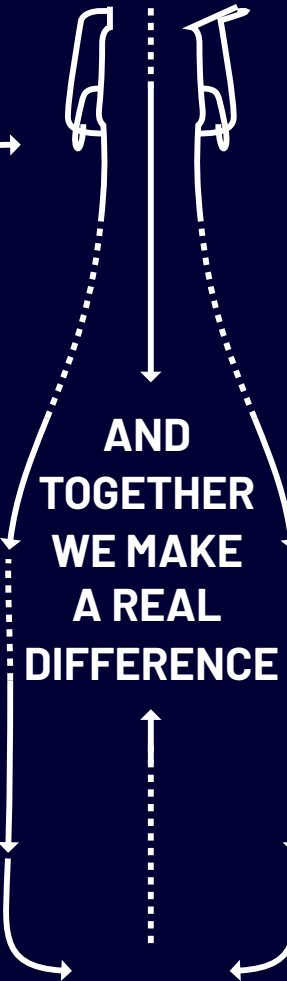

YOU PROVIDE:

- Standard water supply
- Power with a standard socket
- CO2 cannisters for sparkling
- Adequate space
- Ventilation

BELU PROVIDE:

-  Chilled, still, sparkling & hot filtered water on tap
-  Flexible commercial models
-  Installation, servicing & maintenance
-  Help sourcing bottles
-  Staff engagement & training

AND TOGETHER WE MAKE A REAL DIFFERENCE

- Reduced waste & less single use
- Storage space saved
- CO2 reduced by 96% Versus using Belu glass
- 100% of net profits go to Water Aid
