Important **EN** Complete the programming steps on the following page.

Important **FR** Suivez les étapes de programmation à la page suivante.

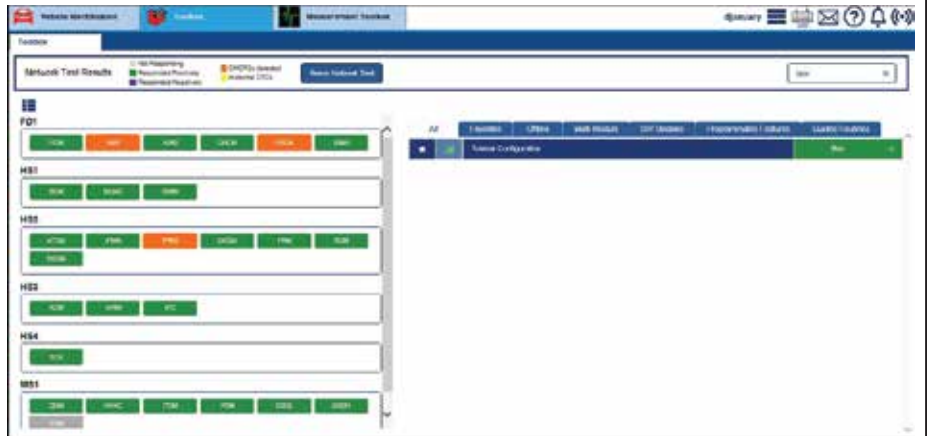

Important **ES** Siga los pasos de programación en la página siguiente.

65

1: Search "Towbar Configuration" in the top right search bar using FDRS.

1: À l'aide du Système de diagnostic et de réparation Ford (FDRS), recherchez « Configuration du crochet d'attelage » dans la barre de recherche en haut à droite.

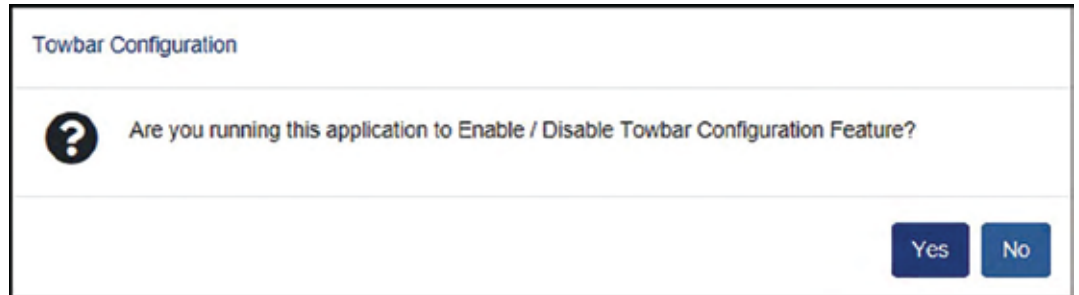

1: Busque "Configuración de barra de remolque" en la barra de búsqueda superior derecha usando FDRS.

2: Click "Yes" on enable/disable toolbar feature.

2: Cliquez sur « Oui » pour activer/désactiver la fonction de la barre d'outils.

2: Haga clic en "Sí" en la función de habilitar/deshabilitar la barra de herramientas.

3: Select "Trailer to programmable feature enable/disable".

3: Sélectionnez « Activer/désactiver la fonction programmable de la remorque ».

3: Seleccione "Remolque para programar la función habilitar/deshabilitar".

4: Click "Yes" for "Are you running this application to enable/disable".

4: Cliquez sur « Oui » pour « Cette application est-elle en cours d'exécution » pour activer/désactiver la fonction.

4: Haga clic en "Sí" para la pregunta "¿Está ejecutando esta aplicación para habilitar/deshabilitar?".
