Here we offer an overview on prices for specific services, both related to our Study Course as well as beyond. On-Site discussion are entirely optional and of course not feasible if you live far away from our Education Centre in Bavaria/ Germany. However, international students previously have made use of this option when e.g. they were traveling in the region anyway. – **Exams are mandatory after the completion of each Teaching Letter, both in theory and practice.** Thus, the related costs occur recurrently whenever a student has finished their study of a Teaching Letter.
