

# 2022 was a year of hope-filled growth for Wunders.

Girls with their new Wunders kits in Kenya.

**We reached major milestones in 2022.** The Wunders team focused on refining our operations and adding sustainability measures to allow for growth and replication in the years to come.

## In 2022 Wunders:

### PRODUCED ENOUGH KITS TO EQUIP GIRLS

who attend International Child Care Ministries schools in Kenya.

### CELEBRATED OUR FIRST-YEAR ANNIVERSARY IN JUNE 2022.

### MADE PLANS TO DISTRIBUTE AND TRAIN IN MORE SCHOOLS

(and neighboring countries!) in 2023.

### WORKED DILIGENTLY TO IMPROVE THE WUNDERS KIT

contents and design with the Wunders Kenya team.

### EMPLOYED FOUR WOMEN IN THE SEWING CENTER

in Nairobi, creating a sustainable livelihood opportunity for their families.

### CONDUCTED FEEDBACK SESSIONS WITH STUDENTS

and teachers to make sure our kits are just right for the girls we serve.

**We envision a world where every girl and woman has the confidence to thrive.**

## The Wunders Kenya team shared this reflection on 2022:

“We have heard great feedback from girls who have used our products. They are able to stay in school. The girls are happy that the burden of period poverty has been lifted. Their self-esteem has been raised because they have no fear of soiling their clothes due to a lack of proper menstrual products. They are confident and can interact with others freely during their periods.”

## We have an ambitious vision for 2023.

We believe by creating and distributing menstrual health supplies and culturally appropriate training through locally-led teams we will keep more girls in school and equip the next generation of women leaders. This year we are planning to launch Wunders in a new location (details coming soon!) and are exploring new Wunders locations to launch in 2024 and beyond.
