VEGGIES FOR ALL

- Gleaned over 20,000 lbs of vegetables from 8 farms with about 200 volunteer hours in the fields
- Distributed 200 flats of organic vegetable seedlings to food pantry visitors countywide
- Processed hundreds of gleaned tomatoes with volunteers, for winter enjoyment by soup kitchen clientele

"The residents at the motel act like a family, each helping each other and sharing the little that they have. I shared the 12 seedlings I got, and when the vegetables are harvested, they will be shared with people in all 12 units."
