2021

CONTINUE ...
We envision that by 2026, feminist leaders, movements, and organizations, including those led by trans, intersex and nonbinary people, indigenous women, women and people with disability, young feminists, and other historically excluded people, are fully resourced and supported to become sustainable, can carry out their work without fear of reprisal, and advance gender equality, peace, and human rights for all.
WHAT NEEDS TO CHANGE?

Women’s representation in national parliaments grew from only 12% in 1995 to an average of 25% in 2020. At this rate, gender parity in national legislative bodies will not be achieved before 2063.

Less than 1% of global DAC aid for gender equality and women’s empowerment goes to women’s equality organizations.

Available data in 2018 shows that women made up 45% of public administration workforce but only 34% of decision-making positions.
