

# ENGLISH LANGUAGE LEARNING & MUSIC CAMPS

TEACHING MUSIC  
EXCELLENCE  
SINCE 1988

# BORN FROM OLYMPIC SUCCESS

Exsportise was founded over 30 years ago, in 1988, by Olympic hockey gold medal winner and successful tennis player, Steve Batchelor and Dutch super-coach Bram van Asselt, following Great Britain's Olympic hockey success that year.

As successful international players and coaches, Steve and Bram shared a passionate vision about the best way to teach and train young players to perform to the best of their ability whilst making sure everyone involved had a great time.

Today, with over 30 years' experience, we know better than anyone how to deliver excellence in both Music teaching and English language tuition.

We work extremely hard to make sure our camps are fun; our students get better at both Music and their English; and we remain true to our Olympian standards.

“ At Exsportise, we know that if you offer children the opportunity to practise their English whilst doing something that they really love, alongside other children sharing a common interest, they will naturally improve their English language confidence and skills.

# MUSIC TEACHING EXCELLENCE

We help every player to improve, regardless of their ability. We develop every student's skills, knowledge and confidence, providing them with the attention to detail they require.

15 hours a week of outstanding music teaching from professional musicians.

Most of our sessions are in groups and include musical games, songwriting and recording. For more experienced musicians, we may supplement with specialist tutorials according to requirements and by pre-arrangement. With a focus on popular contemporary musical styles such as Pop, Rock, Funk, Soul and Jazz, we aim to inspire students to express their individuality and creativity as well as train them to work together as a band for the weekly performance.

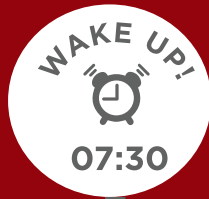

Over the years we have helped thousands of musicians to improve and enjoy their music. Many have gone on to perform globally.

Our musicians come from all over the world including Argentina, Germany, The U.S., Italy and Spain. They play together, learn from each other, make friends and come back for more. International tennis at its best.

Our music team are all professional musicians as well as experienced teachers. They are passionate about music and encourage students to express themselves freely.
