HANDBOOK 2019

OETTA
Outer Eastern Trade Training Alliance

About the Outer Eastern Trade Training Alliance

The Outer Eastern Trade Training Alliance (OETTA) brings together seven Trade Training Centres across Knox, Maroondah and the Yarra Ranges. Through collaboration, the OETTA group strives to improve the quality and consistency of VET offerings in the region, including Carpentry, Horticulture, Plumbing, Hospitality, Engineering, Automotive, Electro-technology and I.T.

OETTA's highly specialised, industry-standard equipment and learning spaces provide cutting edge training for students.

The OETTA group is comprised of Ringwood Training, Ranges TEC (Lilydale), Yarra Valley Polytechnic (Healesville High School, Upper Yarra Secondary College, Worawa Aboriginal College), KIOSC (Swinburne Wantirna), Wurundjeri Trade Training Centre (Aquinas College, Ringwood), St. Joseph's College (The Carroll Centre, Ferntree Gully) and Hills Hospitality Trade Training (Belgrave Heights Christian School).

The Outer Eastern LLEN (OELLEN) works with OETTA to assist in facilitating school and industry connections for the group. OELLEN is pleased to provide the 2018 OETTA Handbook, which offers a snapshot of each centre and captures the OETTA course offerings for 2018.

Offerings by Trade Training Centre

Hills Hospitality Trade Training at Belgrave Heights Christian School

Belgrave Heights Christian school is an ELC to Year 12 school which includes a modern Hospitality Trade Training Centre. The centre consists of a 16 bay Commercial Kitchen and a 120 seat restaurant. The commercial kitchen and facilities are of current industry standard, providing an excellent grounding for students who wish to pursue a career in the Hospitality Industry.

COURSES

- **Certificate II in Kitchen Operations (VCE VET)**

Ringwood Training (RT)

Ringwood Trade Training aims to provide high quality training in the Engineering and Automotive trades as well as in the Information Technology and Cisco fields. Training includes VCE VET Certificate II level programs and School-based Apprenticeships and Traineeships. Higher level training is delivered in Cisco and Information Technology. RT's hi-tech machinery and equipment is specialised (e.g. Hypertherm/ Farley Laserlab TruEdge II multi axis Plasma cutter). RT's trainers are industry trained and student-focused. Training delivered by RT is in areas of national, state and local skill shortages. You are invited to come and see for yourself. Ringwood Training is happy to host visits and tours of our facilities and to provide opportunities for you to speak with our staff.

COURSES

- **Certificate II in Automotive**
- **Certificate II in Engineering Studies**
- **Certificate III in Information, Digital Media and Technology (Networking)**
- **Certificate III in Information, Digital Media and Technology (Virtual Reality & Game Design)**
- **Certificate IV in Integrated Technologies (Cisco Networking)**

St. Joseph's College Trade Training Centre (The Carroll Centre)

The Carroll Centre is the technology centrepiece of St Joseph's College in Ferntree Gully. A contemporary and cutting edge facility, it provides quality vocational, education and training specialising in the Building and Construction trade. The Carroll Centre was designed with current technical training and teaching in mind, possessing two workshops for practical training, both of which are fully equipped with up-to-date machinery and an extensive selection of modern STANLEY tools of the trade. In addition, there are three fully outfitted theory classrooms. Our dedicated and professional trainers have extensive vocational and industry experience and deliver accredited training in the Certificate II in Building and Construction (Carpentry) to students from the 'Mullum Cluster' Schools, preparing them for future employment with appropriate skills and attributes, making them work and industry ready.

COURSES

- **Certificate II in Building and Construction (Carpentry)**
