# Welcome

Welcome to the fifth edition of our popular Artists of Northwest Minnesota booklet. We publish this resource to allow you to connect with and find local artists and their products, as well as businesses that support the arts. A listing in our booklet does not mean that we recommend their art or service, just that you should consider them and make your own informed choice. We have provided as much contact information as possible for you to be able to reach them.

Our goal is to assist creative people, organizations, and businesses to flourish in our area. Our region is home to talented writers, visual artists, performance artists, fiber artists, sculptors, 3-D artists, photographers, mosaic artists, printmakers, jewelers, metal artists, wood carvers, and more. Let's help them remain here in northwestern Minnesota, raising their own families and owning houses, and contributing to our quality of life. Consider buying their prints, cards, original commissioned pieces, books, or other works of art for gifts or for yourself.

*Purple Mandala* by Elizabeth Kitchell-Rockstad

We publish this booklet every three years. If you would like to be listed in the sixth edition, our call for entries will start in the spring of 2023. Please visit our website or call for more information closer to the date.

Thank you for your support of the arts in our region!
