

CITY ON A HILL

Kids Team Member role profile

Introduction to the Kids Team

We love to be together as our Community for our regular Gatherings. We love that children are part of our church and we want to do our part in helping them encounter God and grow spiritually through creating a fun, friendly and safe space for the kids to meet with God and to build relationship with one another.

What are the key responsibilities of the Kids Team Members?

- At the beginning and end of Kids Church make sure that the Kids' room is set up and cleared away
- Engage with Safeguarding Training and other team training or meetings
- Each time you serve, the session plan will be sent out to the team. Your team leader should assign roles/ ask where you want to serve. You will have certain roles you enjoy and are naturally good at. But never be afraid to ask to try new roles within the team when you want to.
- Be aware of your assigned role for the Kids Church session and prepare each section you are leading
- Attend team time before Kids Church begins
- During the session, be involved all the time – when you are not leading, be with the children, helping them engage.
- Provide feedback to the Kids Team leaders for continued growth and improvement, and follow policy and procedure for any safeguarding concerns or accidents.
- Pray into the session plan and for the kids
