

In 2022, LOPA facilitated more transplants than ever before.

670 *lives* **SAVED**

779 *organs* **TRANSPLANTED**

265 *organ* **DONORS**

Organ donors increased 9.5%

Tissue
Tissue donors increased 22%
588
tissue donors

Overall, 739 donors became heroes this year. For the first time ever, 114 donated both organs and tissues.

research
Organs recovered for research went up 73%
154
organs for research

294 heroes donated organs and/or tissues for medical research.

- 64 brains recovered to study diseases and conditions such as Alzheimers, Parkinsons & CTE
- 52 vertebral bodies recovered contributed to establishing the first bone marrow bank in the country

Noteworthy

+ **8%** → number of heroes who said yes to donation

> **100,000** → phone calls managed by our 24/7 call center

> **1000** → families and heroes honored through Donor Remembrance programs

LOPA was the recovery agency for the first HIV+ heart transplant in the world

→ From the donor's mother:

"My child is still walking around, and for that I will forever be grateful,

believe that."
