WELCOME TO ART AT THE SOURCE OPEN STUDIOS 2025!

I look forward to Art at the Source (AATS) every spring. The opportunity to visit artists' studios, hear their stories, learn about their process, and view artistic creativity is rare and unique. Operating for over 30 years, AATS represents the best of the Sonoma County art scene.

We are so grateful to the artists who put hundreds of hours into creating our open studio program. This year, the program welcomes both returning and new artists representing diverse mediums such as ceramics, jewelry, painting, printmaking, photography, glass, fiber and mixed media collage.

**Art at the Source reflects the values that unite and inspire our community:
belonging, creativity, and integrity.**

Belonging: Ensuring Sonoma County remains an inclusive haven for artistic expression and connection.

Creativity: Providing resources and opportunities for artists to thrive and share their visions.

Integrity: Upholding our mission to nurture the arts with transparency and purpose.

Take a minute to create your own art experience and plan your tour by selecting artists presented in this catalog. Map out the studios you want to visit, and then follow the yellow Art at the Source signs to visit artists of your choice. Also, viewing the Preview Show at SebArts is always a great first stop to see every artists' work in person, the Opening Reception is May 10, 2-4 pm

A nonprofit organization committed to cultivating creativity and inspiring appreciation for the power of art, SebArts produces curated gallery exhibitions, Art at the Source, Art Trails, LitCrawl, concerts, adult and youth education, the Academy Award® qualifying Sebastopol Documentary Film Festival, and the opportunity to practice ceramics at our own full-service ceramics studio.

On behalf of my whole team, I thank you for playing an important part in supporting our local artists and our community.
