**6:47PM Budget Discussion and Presentation:**

Ruth walked through the Budget and highlighted that the main priority of the year is that the organization will be a one number organization for the year.
The aim for this year is to look at the processes and improve them. With that comes pain points as improvements need to be made. Ruth, the Development team, and Audra all assisted in the creation of this year’s budget.

Committee chairs and board members discussed budget allocations. The budget will be in a continual assessment and planning mode for the year. Amendments can be discussed and made at any point with a deeper mid-year review occurring in August.

Ruth created spending graph charts for committees to see where expenses are at. All planned expenses should be recorded in the general board spreadsheet for easy tracking. A new reimbursement form was created thanks to Audra, Xavier and Ruth.

The Board discussed holding off on the budget approval vote until next month in order for committee chairs and Ruth to connect further on budget allocations.

Board members voted to formally vote on approval of the budget in April. 18 members in favor, 1 vote for discussion via email. The budget will be up for approval at the April board meeting.
