**2022 IMPACT REPORT**

# A YEAR OF IMPACT.

SafeHaven works to end domestic violence in a two-fold manner:

## 1. KEEP VICTIMS SAFE

Our comprehensive approach gives survivors the **best** and **safest** options moving forward. SafeHaven provides two emergency shelters, transitional housing with subsidized rental assistance, counseling for both survivors and their children, case management and legal support.

We aim to be the best thing during the worst time in a domestic violence survivor's life - ensuring they have every resource necessary to find freedom from domestic violence.

## 2. HOLD OFFENDERS ACCOUNTABLE

SafeHaven also provides prevention programming in local schools as well as reforms offenders through our Partner Abuse Intervention and Prevention (PAIP) program.

Offenders attend a weekly class for 27 weeks, including check-ins and working through scenarios and real-life examples to better understand their beliefs on relationships.

We also provide expert court testimony in domestic violence cases in Tarrant and surrounding counties. Working with the legal system ensures that Tarrant County doesn't stand for domestic violence.
