## **MISSOURI EQUITY EDUCATION PARTNERSHIP**

#### WHO WE ARE

The **Missouri Equity Education Partnership** (MoEEP) is a grassroots non-profit organization that promotes an equitable community by supporting anti-bias and anti-racist approaches to education. We believe that we are all stronger when we #LetThemLearn.

# WHAT WE STAND FOR

Our members advocate in Jefferson City and throughout Missouri to protect equity education and give voice to our fundamental ideas that:

- Diversity and equity education belongs in our schools as much as math, science, and language arts.
- Essential equity education emphasizes giving students the tools to build their own inquiry skills. It engages all students in active listening, belonging, cooperation, and critical thinking.
- This work is **NOT about shame and blame** but about embracing different perspectives, backgrounds, and stories that deserve to be told.
- Our students need this kind of equity education to engage in a diverse world.
- Equity education empowers teachers and students to learn **accurate history** as well as gain skills needed to engage with people from different experiences and backgrounds.
- Education prepares kids for the rest of their lives, and equity education gives them essential skills.

# WHAT WE FIGHT FOR

MoEEP is pushing back daily against false narratives that vilify Missouri's teachers and diversity, equity, and inclusion work. We argue that:

- It is wrong and misleading to conflate equity work with Critical Race Theory, or CRT, which is an advanced academic concept studied in college and beyond, not K-12 classrooms.
- CRT is not being taught in Missouri classrooms.
- CRT is not the same thing as Diversity, Equity, and Inclusion work.
- Our opponents are intentionally conflating the two as a way to **attack any lessons and ideas they disagree** with and instead push the notion of "school choice."
- We know these are separate arguments, and we will expose them as disingenuous.
- We will **fight any legislation** that inadvertently censors curriculum, threatens teacher and student free speech, and removes local control.

## WHAT WE DO

Since spring 2021, we have been working to build a network of grassroots advocates across Missouri to raise our voices together at the state and local level in favor of equity education. Our work so far has included:

- meeting with lawmakers
- testifying at hearings
- hosting in-person and virtual events on the importance of equity.

There is much more work to be done. We need your help and your voice. Please join in our efforts!

The Missouri Equity Education Partnership is a 501(c)(4) non-profit, social welfare organization. According to the Internal Revenue Code, contributions to civic leagues or other section 501(c)(4) organizations generally are not deductible as charitable contributions for federal income tax purposes.
