

FOR IMMEDIATE RELEASE

ACQUIRE and Company Announces New Retail Location in Eagle, Idaho

Eagle, Idaho, August 16, 2021 – ACQUIRE and Company, LLC, a provider of unique luxury items for home and garden, announced at today’s groundbreaking ceremony it will be opening a new retail location in the spring of 2022. Located at 55 South Second Street next to Eagle’s vibrant Heritage Park, the new store location is being developed by Investment Visions, LLC, a progressive real estate developer with a long-standing history in the Eagle community.

The new development, Parkview at Heritage, will feature ACQUIRE and Company on the main floor while offering two luxury condominiums above, in the heart of downtown Eagle. Mark and Elizabeth Butler, managing members of Investment Visions, presided over the ceremony. “We are pleased and honored to be a part of the continued growth and development of the Eagle community,” said Mark. “ACQUIRE and Company will be a great fit for the development offering a level of luxury appointments consistent with the luxury residences we are adding to the neighborhood,” added Elizabeth.

“The heart of downtown Eagle is the perfect spot for our flagship location,” said Susan Wynne, owner of ACQUIRE and Company. “We believe the organic beauty of nature can be a part of everyone’s home. Our approach starts with helping our clients discover and explore their personal aesthetic,” she added. “This discovery opens up the opportunity to surround themselves with items for their home and garden inspiring joy through sight, scent and touch. Community connection and integration is one of our guiding principles and we are excited to begin our journey with the wonderful people of Eagle.”

“The addition of Parkview at Heritage and ACQUIRE and Company to the downtown business community is a continuation of my pledge to the residents of Eagle to put ‘Eagle First,’” added Eagle Mayor Jason Pierce. Mayor Pierce, who took a “hands on” approach initiating demolition by operating the excavator continued, “City priorities and quality of life are at the top of my agenda every day. This new development demonstrates progress on both of these fronts by adding a new jewel to the downtown landscape. On behalf of the City of Eagle, I’d like to thank Mark for his investment in bringing this property to life and Susan for her investment in bringing her unique retail business to our community.”
