

Process Praise & Strategies

Praise Effort

"Look all this practice reading is paying off!"

"I'm so proud of the effort you put in to read those words."

"You may not have gotten it on the first try, but you stuck with it. Nice work!"

Remember to praise their effort no matter how many tries it takes to get the right answer.

This affirms that it's okay to learn new skills and make mistakes along the way!

Praise the Use of Strategies

"Great job matching the letters to each sound you said!"

"Amazing job using the Word Chop to help you read!"

"You really took your time to say each sound! Great work!"
