

FOOD ALLERGENS INFORMATION 2022
VERSION 2.0

ALLERGENS & ALTERNATIVES

Where possible we will always aim to provide customers who have allergy requirements a suitable alternative to the menu offering. In many cases this can be achieved through the product, however due to limited cooking space/equipment, we cannot always guarantee an allergen free environment. Our appliances including our fryers cook a variety of products with numerous allergens present, therefore whilst we can achieve a product which may be allergen free, it may still be cooked in an environment where there is possibility of cross contamination.

	Celery	Cereals Containing Gluten	Crustaceans	Eggs	Fish	Lupin	Milk	Molluscs	Mustard	Nuts	Peanuts	Sesame	Soya	Sulphites
