Host an event with Beau Monde Venues and you'll quickly discover that there's no such thing as a single event experience. At least, that's the collective wisdom of every guest who has ever stepped foot on one of their properties.

Whether you invite your guests to mix and mingle beneath the contemporary art and design of The Collector's Room or you escape to The Circle M Farm to celebrate under one of the most breathtaking sunsets you'll ever experience, Beau Monde Venues will make you feel like you've just been invited into your best friend's home. And when you enter, you'll never want to leave.

"When we created these spaces, we designed with thoughtfulness," says MarySue Boyle. "Regardless if we're planning an event for 10 or 300 people, our team creates a truly unforgettable experience. From exceptional service to a unique curated bar program, every event held here is incredibly special, and we believe the service should match that same level of importance."

Working alongside leading vendors, the Beau Monde Venues team believes that their promise to service proves itself over and over again with their ability to create meaningful and

memorable experiences —the type, says MarySue, that can't be found anywhere else. "Our clients know that if they've imagined it in their mind, we'll come alongside them and make that dream happen," she says. "This is why they always love their very first event with us, and it's why they keep coming back."
