Museum Overview:
As a National Park Service Affiliated Area and the first Smithsonian affiliate in the Pacific Northwest, the Wing Luke Museum offers an authentic and unique perspective on the American story. Nationally recognized for our work in creating dynamic, community-driven exhibitions and programs, we put our community at the heart of each exhibition we create. The stories you see and hear within our walls are their authentic experiences and perspectives. From the struggles of early Asian pioneers to accomplished works by national Asian American, Native Hawaiian, and Pacific Islander (AANHPI) artists, their contributions give us a look at what it means to be uniquely American. Our 60,000 square foot facilities offer three floors to tell our communities’ stories, with contemporary galleries showcasing both temporary and permanent exhibitions as well as preserved historic spaces accessible only through our daily guided tours. Beyond our walls, we like to tell the story of our neighborhood, Seattle’s Chinatown-International District. While economically challenged, it is a historically and culturally vibrant area, and we see ourselves as a neighborhood concierge and an economic anchor for the nearby small businesses. From restaurants to statues that you might not otherwise notice, there are layers of history and significance that are waiting to be uncovered. Wing Luke Museum offers guided neighborhood tours and events that will encourage you to discover stories and tastes both on and off the beaten path.
