Recipient: Supervisor Don Horsley, Supervisor Carole Groom, Supervisor Dave Pine,

Supervisor Warren Slocum, Supervisor Adrienne Tissier, and San Mateo County

Board of Supervisors

Letter: Greetings,

Please uphold the Midcoast Local Coastal Program and put a higher priority on protecting coastal ends of county streets and rights-of-way for public benefit.

Please act now to restore the picture-window shoreline view that should be the end

of 7th Street by revoking the encroachment permit and removing the wall.

Please enforce the right of non-motorized public access to blufftop views at the

coastal end of 5th Street by requiring removal of unpermitted encroaching

development and private property signage.

| merideth lamont | el granada, CA | 2013-07-18 | Ocean views and access should be protected. We are lucky enough to live near the sea so must be guardians for all citizens. |
| Laura Stein | El Granada, CA | 2013-07-18 | The California Coastal Act is specific regarding the protection of scenic views: the scenic and visual qualities of coastal areas shall be considered and protected as a resource of public importance. I view this petition as a request to County staff as well as Supervisors to partner with the MCC/Community to support and ensure the implementation of Coastal Act policies and our LCP. |
| Avis Boutell | Moss Beach, CA | 2013-07-18 | Our beautiful coast should be shared by all. |
| Gale Rhoades | Woodland, CA | 2013-07-18 | The coast should be available to everyone, not just an entitled few. |
| Barbara Kossy | Moss Beach, CA | 2013-07-18 | Coastal views are an important public assest and resource and must be aggressively protected. |
| Kenneth King | Half Moon Bay, CA | 2013-07-18 | It is environmentally friendly if I am able to walk and exercise near my home without driving great distances. |
| J.F. DeMouthe | san francisco, CA | 2013-07-18 | people in Montara and Moss Beach have been taking over public land, including dead-end streets and the Strand, for private use. This is unfair to everyone and may invoke liability for the County. |
| Bern Smith | San Francisco, CA | 2013-07-18 | I lived Coastside for almost 25 years, and worked to increase and defend public access to places like this. We can do better - but at the very least we must preserve the existing right of access that we collectively established decades ago. |
| JanFreya Didur | Moss Beach, CA | 2013-07-18 | public access should not be denied to public places; isn't that why we have them? |
| Robert Kline | El Granada, CA | 2013-07-18 | The Local Coastal Plan dictates that the coast side and it's view properties be available to everyone not just a few property owners who take advantage of the situation. |
| Peter Andriani | Dublin, CA | 2013-07-18 | I love picking the sour grass and enjoying it while sitting on the bench overlooking the coast. The view is amazing and it would be a shame to close this area to the public. |
| Mike Jones | Durban, South Africa | 2013-07-18 | Coastal access is a public right by law. It is shameful that individuals are being allowed to claim as their own something belongs to everyone. |
| Sam Stanwyck | Palo Alto, CA | 2013-07-18 | Coastal access is a RIGHT for all Californians |
| Kerri Kemp Gardner | El Granada, CA | 2013-07-18 | Beach access is a natural resource that needs to be available to all people, not just those that can buy it !! It is a slippery slope to allow anyone to prevent access to beaches especially those, such as thes, that have been open in the past. These beaches where accessible not so long go |
| Mary Larenas | Moss Beach, CA | 2013-07-18 | I support preservation of coastal access and coastal view protection. |
| Harriet Barbanell | San Francisco, CA | 2013-07-18 | the public should have access to this area. It is public land! |
| Patricia Stevenson | Moss Beach, CA | 2013-07-18 | It's important to keep all public access points open if we let people seal them off as private, more and more will follow the same practice the coast should be enjoyed by everyone. Especially when it's supposed to be public. Those homes were bought knowing that was not their property to block. |
| patrice morrissey | montara, CA | 2013-07-18 | It's not about me rather it's about an open corridor.public property and good for commerce.the public comes to the coast to enjoy our coastal views.they belong to all.not just a few |

| Marlene Tavassoli | burlingame, CA | 2013-07-18 | This is a public access area and not intended for private individuals to take over and take away views and the right to access the shoreline. These are PUBLIC VIEWPOINTS not private property. |
| James Montalbano | Montara, CA | 2013-07-18 | The Cointy of San Mateo needs to do its job, enforcing the laws and regulations that protect Coastal Access to all residents of our community. |
| Sheila Gill | Montara, CA | 2013-07-18 | public access to public land should be implemented |
| Chris Cee | Montara, CA | 2013-07-18 | Much more needs to be done to preserve the views. The condition of the foot of 7th St is unfortunately quite difficult over views, access per subdivision map and danger of undermining or sliding, even to the extent impermissible private remediation has been attempted on the coast itself outside the property line. |
| Louise Lazzari | Montara, CA | 2013-07-18 | I am a firm believer that all public access to our coastline should be kept open! "Public" means all of us, not just a privileged few homeowners. |
| Kathleen Sussman | Montara, CA | 2013-07-19 | The coast belongs to all people to enjoy! |
| Martin Stein | el granada, CA | 2013-07-19 | Coastal views are important for the local economy. Everyone should be able to experience the beauty of our environment. That people just annex public property for their own enjoyment, preventing public access is worse than stealing. |
| Diane Brosin | Moss Beach, CA | 2013-07-19 | The Coastal Commission proposition passed because the citizens wanted free access to the coastline. Access to the coast can't belong to the few who live near by. It belongs to all of us! |
| Carl May | Montara, CA | 2013-07-19 | One of the big motivations people had to vote for Prop. 20 (which mandated the creation of the Coastal Act) was to ensure public access to the coastline that state and local government was not protecting. Forty years later, we are still trying to get government to own up to its responsibilities on the coast. Denial of access to the viewsheds from the ends of the public street stubs in Montara is yet another example of county foot-dragging and malfeasance in the face of coastal statutes. |
| Michael Liang | Moss Beach, CA | 2013-07-19 | Because access is for everyone to enjoy! |
| R. F. Brown | Moss Beach, CA | 2013-07-19 | The privileged few cannot arbitrarily determine the rights of the common person. |
| kathryn slater-carter | Montara, CA | 2013-07-19 | Uphold the Local Coastal Program and Coastal Act |
| Ty Wood | Moss Beach, CA | 2013-07-19 | Access belongs to taxpayers and is not to subsidize one particular resident's property. |
| dana kimsey | half moon bay, CA | 2013-07-19 | The streets violate coastal view corridor rights, coastal access rights. This looks similar to the Marin's Beach debacle |
| James Benjamin | Half Moon Bay, CA | 2013-07-19 | Development in the Coastal Zone should comply with all LCP and Coastal Act policies, including the recognition of the value of viewshed as a form of Coastal Access. |
| sabrina Brennan | Moss Beach, CA | 2013-07-19 | Please provide coastal access. |
| Larry Giacomino | Montara, CA | 2013-07-19 | I have lived here for 60 years and have always been able to access the rocky shore through the Gowan's old residence. |
| Nancy Wilder | Montara, CA | 2013-07-20 | Access to coastal areas is not only for a privileged few. |
| Marcella Russell | Moss Beach, CA | 2013-07-20 | Having public views of the ocean is vital. This should not be blocked or taken by the private person. We need to see the ocean! |
| Deborah Olson | Sunnyvale, CA | 2013-07-20 | As a Calif. resident, I would like access to that beach. |
| James McGuinn | Brentwood, CA | 2013-07-20 | To at least have the opportunity to view the beautiful coastline if I wish to. |
| Matt Brown | Moss Beach, CA | 2013-07-20 | Coastal access is for all of us. We have to keep the access points open. |

| Leonard Woren | El Granada, CA | 2013-07-22 | The Coastal Initiative and the Coastal Act declared that the public has substantial rights to the coast and that there are limits on what private property owners are allowed to do. Why do so few people in positions of authority in San Mateo County care about proper enforcement of the Coastal Act? |
| Bill Kehoe | Moss Beach, CA | 2013-07-22 | As you well know, in 1972, the citizens of California through the initiative process, overwhelmingly voted for Proposition 20 to protect coastal access. And in 1976, the California Legislature passed the Coastal Act which extended coastal protections. It is the San Mateo County's duty to enforce the Local Coastal Program and ensure that our coastal access remains unimpeded. Save our views and protect our legacy. |
| Joanna Vernarecci | Carson City, NV | 2013-07-22 | I am an native San Franciscan and have spent many years on enjoying the Montara coast. To shut off this bluff for the benefit of one individual is both illegal and unfair to everyone else that has the right to enjoy it. |
| Lee-Ann Ticktin | Bethesda, MD | 2013-07-22 | As a former resident of the area, I think having access is very important, especially for local residents. It belongs to everyone. Thank you. |
| Ric Lohman | Half Moon BAy, CA | 2013-07-22 | Let's be fair to everyone. Coastal resources are for everyone, not just a few |
| Mike Sims | Moss Beach, CA | 2013-07-22 | Coastal access is for everyone and should be kept open. |
| Beihua Kehoe | Moss Beach, CA | 2013-07-22 | The local community and visitors deserve the access to ocean views and beaches. |
| Mark Center | Murrieta, CA | 2013-07-22 | Isn't this obvious. |
| Fayden Holmboe | Half Moon Bay, CA | 2013-07-22 | The coastal view corridor and a trail access is being cut off to many of our residences Hopefully this will be a statute to help more of us |
| Paul Bowman | Moss Beach, CA | 2013-07-22 | Public right of way |
| Lori Hofmann | Montara, CA | 2013-07-22 | Public access is important to everyone including future generations. I am 4th generation HMB. I have witnessed too many situation of misuse of power and a sense of entitlement instead of what is best for all the people. Nature is not a museum. It is ours to honor and have stewardship of care. |
| Mildred Oberkotter | Moss Beach, CA | 2013-07-22 | Openness to Nature areas such as beaches, parks, etc. |
| Mike Burleson | Roseville, CA | 2013-07-23 | I grew up on the coast and still visit frequently. |
| William Klingenberg | Vian, OK | 2013-07-23 | I was raised in Moss Beach and Montara. I am the 3rd generation do have done so. We always had access for fishing and enjoying the access points in both communities. The thought of my access when I travel back home outrages me that a private homeowner can block me from accessing beachs that have always been open to the public. San Mateo needs to enforce Public law and remove any partitions that impede public access. If the county board cannot follow public law maybe a class action law suit should be filed against the county and the home owners who have illegally blocked access. |
| Del Harvey | Chicago, IL | 2013-07-23 | I always think of Half Moon Bay as home. It's a place that I think of as being unspoiled by houses lined up along the cliffs, blocking access to ocean or mountains. It's important because we all need these "wild" places so that we can clear our heads and be free of civilization for a little while, if only from time to time. Go build and sell houses somewhere else. Leave one thing unspoiled, please. |

| Rob Tillitz | Fair Oaks, CA | 2013-07-23 | Though I live in the Sacramento area, it is only because of work. I grew up on the Coastside, first in Pescadero then Montara. I also commercial fished out of Princeton for many years. Before fishing commercially, I spent most of my free time diving and fishing the coast mainly around Montara and Moss Beach. I still go to visit the coast every chance I get and am frustrated by the continued strangling of access. It's impossible to plan anymore because every time I want to fish or beachcombe or take photos of tide-pools, I have a hard time finding access. AND NOW YOU WANT TO TAKE MOREWHO IN THE HELL ARE YOU TO TAKE AWAY OUR INHERENT RIGHTS TO VISIT THESE PUBLIC AREAS? Teddy Roosevelt did so much to make America the Beautiful a place that all could enjoy in perpetuityyou need to take a lesson from his work, because what you are doing is the opposite. You are throwing the baby out with the bath water. Here's what I say: If you shut off all access to these areas, then we need to shut off your paychecks cause you've got nothing more to do, nothing to regulate. |
| Donna Marie Dias | Citrus Heights, CA | 2013-07-23 | I grew up on the coast and it was my home for close to 45 years. We were responsible and free to access OUR BEACHES. |
| Kerry Cochran | St. David, AZ | 2013-07-23 | As a child growing up on the coastside, we all benefited from open space and the ability to access the ocean. However, time & development are encroaching and it is time to protect this unique environment for all to enjoy. |
| Renee Cunha | Reno, NV | 2013-07-23 | These beaches need to be left open to the public. |
| Christopher Lyman | Eureka, CA | 2013-07-23 | Private landowners in this case have no right to deny public access. The public has the right to demand access in this circumstance. |
| Dave Olson | Montara, CA | 2013-07-23 | The views here are stunning, particularly the unusual granite reefs. They should be visible to everybody, without having to go through tall fences, or risking the anger of adjacent property owners when using public rights of way. |
| Candace Wegner | San Carlos, CA | 2013-07-23 | The California coast needs to be for all to enjoynot for the few like the east coast. |
| Fran Pollard | El Granada, CA | 2013-07-23 | This is important because the Coast, ocean and beaches belong to everyone. |
| Lisa Ketcham | Moss Beach, CA | 2013-07-23 | To fully understand, you have to go there, to the ends of 5th and 7th Streets on the Montara bluffs. Stand there and take it all in, sight, scent and sound, high above the waves and jagged shoreline. What a treasure this coastline is. What a shame the public is shut out, that the County won't protect this access that was dedicated to the public in 1907. |
| Merrill Bobele | El Granada, CA | 2013-07-23 | Sent from Australia. This may be a duplicate: This has clearly been a violation of the Coastal Act for many years and should have been corrected by the Board of Supervisors because access to our San Mateo Coast should be available to our residents as well as visitors! Please take the necessary action to correct the situation in Montara. Thank you. |
| Pamela Cattich | El Granada, CA | 2013-07-23 | The street shouldn't block coastal access. |

| mike warner | El Sobrante, CA | 2013-07-23 | Kids know how to get around fences so I don't worry about them finding access. But most adults tend to shy away from from what they think is trespassing or invasion of private space. The stucco fence is a symbol of a private lair and is an invasion upon public egress. Imagine all the inspiration this viewpoint could give residents and visitors? Imagine the real human experiences that never happen. County Supervisors, please re-open this viewpoint. |
| Gale McIntosh | Montara, CA | 2013-07-23 | The views of our coastline are precious and should remain open and accessible as they belong to everyone. |
| Steven Ortez | St George, UT | 2013-07-23 | I was born in Moss Beach Grad. from HMB H.S. the views that are HERE are a joy to everyone that comes. I am so sad that it's gotten to this point! the views are magnificent! keep them for all to enjoy! |
| Barbara Stearns | San Rafael, CA | 2013-07-23 | Blocking the coastline view behind 7th Street is unfair and unnecessary. Tear down that fence! |
| Jim Crotty | Aguada, PR | 2013-07-24 | As a former Coastsider who visits the area periodically I support increased public access to the coast. |
| Kimberly Albanese | San Francisco, CA | 2013-07-24 | It is important to keep PUBLIC ACCESS to ou PUBLIC BEACHES even if it is just a view. Our beaches are for everyone, they are not private property |
| Kathy Dennis | Eugene, OR | 2013-07-24 | I grew up on the Coastside, along with my siblings and friends we always enjoyed the ability to have access to the beaches up and down the whole area. I have read where many of these public accesses are now blocked to the public. This ruins the beauty of the Coastside and prevents the current generation from enjoying what is rightfully public access. |

| Andrew J Geiser | Montara, CA | 2013-07-26 | We should have access to the beautiful bluffs. Throughout Montara, people have encroached on the public right of way to the point we have many one lane streets. |
| Robert McLaughlin | Moss Beach, CA | 2013-07-26 | It is important that land owners not be allowed to encroach onto public lands and alter these lands for their own personal interests. Blocking public access addressed by this petition is one element of an issue that includes other issues such as rip-rapping cliffs and natural exposures in county and state park lands, etc. |
| Judy Hensley | San Francisco, CA | 2013-07-27 | Access to the coast needs to be a high priority for the County. The view of the coast also needs to be open to the public. |
| Margaret Snively | Citrus Heights, CA | 2013-07-27 | California's coast is in the public domain. Eliminating access by having the wealthy close the access goes against the coastal commission mandates. |
