

Name of the Committee

Is the name for the Council's purposes?

Should the name attract interested people?

Traffic and Trails

Two very different interests appealing to different types of people.

Those interested in traffic are not necessarily drawn to trails.

MCC Community Advisory Committee for Highway 1 Improvement Projects

Purpose

- Provide a forum for the community to participate in the detailed planning phase of the projects identified in the Highway 1 Safety and Mobility Studies
- The committee will make recommendations which will be placed on the MCC agenda
- The MCC will determine what actions will be taken as a result of the committees recommendations.
- All communications with the county or outside agencies will take place through the direction or delegation of the chair.
- To prevent confusion, this committee, as well as any work groups, will not work directly with the county.

Desired Outcome

- Each Midcoast community will have the opportunity to study and make recommendations to the MCC on each of the Highway 1 improvement projects

Details

- Projects to be addressed first would be based on funding availability.
- Committees should be formed based on County's date to begin projects.
- Form one Standing Committee that will be split into work groups.
- PR plan will be necessary to reach as many residents as possible.
