Subject: Mobility Study Action Plan Comments

The MCC has spent several sessions considering public input and discussing comment on the Mobility Study Action Plan we received from you in May.

Please find attached our comments on that plan. Given the breadth of the plan and the complexity of some of the issues raised we believe certain steps should be taken:

- Provide an updated draft of the plan and a presentation on the topic in a forum for public discussion. It would be productive if people from other relevant agencies, such as Caltrans, the GGNRA and Public Works/Parks could attend as well.
- Make provision for more detailed discussion within the community once the decision on the TA Grant has been received.

Our March 28 2012 is attached. It captures the spirit and key particulars for our continued work with you as we strive to improve the highways and trails of our community.

Sincerely,

s/Bill Kehoe, Chair
Midcoast Community Council
