Subject: **Midcoast Comprehensive Transportation Management Plan --
Support for Project Funding – 12/10/13 Agenda Item 15**

Honorable President and Members of the Board of Supervisors:

The Midcoast Community Council supports the funding request to accomplish the Midcoast Comprehensive Transportation Management Plan, which is a requirement of the Local Coastal Program 2012 update.

This plan will determine how to mitigate current and future traffic congestion on Highway 1 and 92. The plan will also address the cumulative traffic impacts of Midcoast residential development to ensure that roadway capacity will not be constrained to unacceptable levels. The plan will evaluate the feasibility of developing an in-lieu fee traffic mitigation program, expanding public transit, and developing a mandatory lot merger program to further reduce build-out potential.

Thank you for your consideration and your continued support of our Midcoast communities.

Sincerely,

s/Laura Stein, Chair
Midcoast Community Council
