re: **PLN2001-00521:** Use Permit renewal for existing antenna installation at 9850
Cabrillo Highway (HMB Airport). APN 037-292-030.

Sara:

At our meetings of 10/3/01, the Planning & Zoning Committee of the MCC reviewed the above referenced application. The committee finds no issue with the project as presented and that it meets the zoning regulations and land use designations of its area.. Our only concern is that the facility be made available for co-location for other cellular providers to minimize the construction of more antennas than are necessary,

Thank you for your help, and please keep us informed of any further developments, redesigns, hearings, approvals or appeals concerning this application.

Chuck Kozak, MCC Planning and Zoning Committee Chair
