May 22, 1996

Mr. Chris McComb
Midcoast Community Council
P. O. Box 64
Moss Beach, California 94038

Dear Mr. McComb:

This to confirm our discussions related to the Comprehensive Subregional Planning project. At this time all of the policy boards are in support of the grant application. I have confirmed the meeting time of 9:00 a.m., May 29, 1996, at the Half Moon Bay City Hall (501 Main Street) with planning staff of Half Moon Bay, Pacifica and the county. I have also invited members of the Coastside Community Council and Mayor pro Tem Maxine Gonsalves to attend if they wish. If any of your staff, commissioners or councilmembers wish to attend, please let them know. They are certainly welcome.

The purpose of the meeting is to develop the basis of the grant application. I expect that the staff planners will be able to provide the most substantive suggestions as to the form and content of the application. It looks like Pacifica will be the lead agency on this so I will take your input and develop a draft application. I expect that this will be the only meeting we will have before the application deadline. We can have some phone conversations on the draft if that would be useful.

Let me take this opportunity to thank each of your for your support during this process. I realize that this provided some concern on the part of some of you, but I want to let you know how much I appreciate your willingness to cooperate. I feel that the efforts so far have given me a much better understanding of the common planning issues that each of our agencies faces.

I look forward to meeting with you next Wednesday and, hopefully, to working on the grant project.

Sincerely,

Tim A. Molinare
Community and Economic Development Director
