Mr. Neil Cullen, Director of Public Works  
County of San Mateo

Dear Mr. Cullen,

Thank you for attending our Council meeting last night. The dialogue with the community was excellent, and we appreciate your willingness to stay so late!

As we discussed at the end of the Ocean Boulevard agenda item, all attendees agreed there were some excellent suggestions made, and it would be appropriate to explore some of these alternatives. These include, but are not limited to,

1. risk/benefit/cost analysis of keeping Ocean Blvd. open,
2. if Ocean is closed, then making the closed section "future compatible" with a Coastal Trail,
3. "Berkeley" traffic calmers,
4. vegetation planting to slow erosion,
5. making any barriers pedestrian- and bicyclist- friendly, and
6. how can we control speeds?

The next step, as we understand it, is that you and your staff will explore these and other ideas. When you are ready, we will schedule another coastside public meeting through the MCCC, and discuss prior to this item going to the Board of Supervisors.

Again, thank you for your cooperation on this matter.

Sincerely,  
MidCoast Community Council

Chris McComb, Chair
