Attn: The Honorable Ruben Barrales, President
San Mateo County
County Government Center
Redwood City, CA

re: Measure T ballot initiative

Dear President Barrales and Supervisors,

The MidCoast Community Council (MCCC) believes that the Measure T ballot initiative is one of the most important issues ever to come before our community. We have, therefore, given it great consideration, and provided several public forums for debate.

At our October 9, 1996 meeting, the MCCC unanimously passed the following motion:

After lengthy public discussion and analysis, the MCCC unanimously endorses Measure T, and strongly urges the San Mateo County Board of Supervisors to endorse Measure T at its next meeting.

We thank the Board for its ongoing support of the independent tunnel study. And we appreciate your consideration of our request.

Sincerely,
MidCoast Community Council

Chris McComb, Chair
