The City Council, City of Half Moon Bay

We, the undersigned Steering Committee of the El Granada Waterfront Task Force, propose the following good faith process, which we hope will lead to an El Granada Waterfront Specific Plan that is acceptable to all stakeholders.

1. With support from the community, the affected landowners, the County of San Mateo, and the City of Half Moon Bay, we will study the land uses for each of the noted parcels.
2. Based on this study process, we hope to identify a specific implementation plan for the El Granada waterfront.
3. This Plan will be developed with the participation of the overall community.
4. The goal will be to complete this process by June 1, 1997.
5. Any solutions must recognize the needs and rights of the community and landowners.
6. This effort will deliver a result that everyone on the Steering Committee will support.
