Dear Joe:

It is with regret that I have submitted my resignation from the MidCoast Community Council, effective immediately. I have accepted the position of Community Development Director for the City of Milpitas, which will necessitate relocating my household from the coastside. I will, however, continue my involvement in the campaigns for Measures E and F until the election.

I have enjoyed my three years on the Council, and am very encouraged by the improving relationship between the Council and members of the Board and County staff. I have appreciated the comraderie we've shared in attempting to organize and obtain recognition for the Council, and our challenges to achieve consensus with our diverse constituents on issues of importance to the coastside. I believe we have accomplished a great deal in three years through our substantial individual commitments to our communities.

Best wishes in your continuing efforts to maintain the beauty of the coastside and in addressing the inevitable conflicts that change will bring.

I plan to remain on the coast for the next few months. Please don't hesitate to call. Vote yes on Measures E and F!

Sincerely,

Bob Brown
