These open house, all inclusive, big picture, _____, meetings would include:

- traffic
- housing density
- parks
- schools
- emergency care
- water, sewer, MCTV, utilities
- the 500# gorilla question - what to do with Half Moon Bay development
- views, sunlight, noise

This would take ALOT of work, would be a major commitment on the part of the Council, etc, etc.

Clearly, each of the topics which we have addressed have been pointed, important, and constituent based. They each deserve our full attention and good sound discussion and decisions.

I believe that we should move forward to discuss this proposal tonight and to establish a Subcommittee to further refine the schedule and scope of the program.

Specific to the Streets situation, in relation to those three on hold projects, I would offer the idea that the Council ask the Board of Supervisors grade, oil or minimally improve the streets to show those folks that something is happening while this much longer process continues. In terms of an honest appraisal of how & when the Subcommittee will be complete and satisfied with a document, and acknowledging our relationship with the County and DPW, I personally believe it will take months of work, arm twisting and schmoozing. And I think the Council is good and tired of this on again off again Streets thing.

Very truly yours,

James Marsh

The vision thing
Empower the Council

MC3 1995

Have the /c take the initiative to take on a project
take on a project they want to do
that they want to sponsor
manage

things to do in 95
way we do business

MAKE IT PROFESSIONAL

Do a deal w/ County

Set meetings for Farallon View school
El Granada School

first mtg
second

standing committees

facilities

finance

Planning & Zoning

Streets, Transportation - bus to mtgs???

each C to choose one to chair and one to serve on

past chair to do outreach

bring a list of ten goals & O for 95 - 96

sched a sat for retreat

someone to setup fud

public comment period

invite Matt & ????
