

MIDCOAST COUNCIL PARKS AND RECREATION  
Open Subcommittee meets 1st and 3rd thurs. 8:00pm @ airport

DATE: April 12, 1995  
TO: Midcoast Council  
FROM: Susan Ayers Matonis  
RE: Quarry Park: requesting Council Members to  
to find a public entity to meet the current  
contractural and County requirements.

Summary

The Board of Supervisors met on March 21 and agreed to hold the Quarry property with the condition that a joint operational public entity would become involved.

On April 4th, several committee members met with County Counsel to study some of the options available to meet the contract conditions. We agreed upon the following three possible "public entities":

Cabrillo Unified School District  
Mid-Penninsula Open Space District  
Harbor District

It is important to understand that the public entity needs only to hold title of the property and jointly maintain and operate the community parkland. Also, a non-profit agency is being created to aid the in funding of the park site's improvements and operation.

With this understanding, we suggest the following motion be passed and accepted by all honorable council members:

Resolved that the Midcoast Council undertakes to ascertain one or more public entities that will assist the County of San Mateo in the maintainance and operation of the Quarry Park, and the permanent dedication of the Quarry property.

It is with great pride and long hard work that this subcommittee presents this unique opportunity to this community. We thank you for your support.

Truly Yours,

*Susan Ayers Matonis*
