re: San Mateo County Planners Association

Honorable Members of the Board of Supervisors:

The Midcoast Community Council has been working, through its Planning and Zoning Committee, to better understand land use, planning, and zoning issues as they affect the local area. We have a great deal to learn and are always looking for opportunities, such as visits by County staff, to enlighten our community. Recently, we became aware of the existence and purposes of the San Mateo County Planners Association.

Our Planning and Zoning Committee would like to be able to participate in the semi-monthly luncheon meetings, and other activities, of this Association, but has been told that formal Board of Supervisors action would be necessary to allow any but professional staff planners to participate. At our Council meeting of 28 June, the Council unanimously approved the recommendation of our Planning and Zoning Committee, which is attached. We encourage your Board to assist us in achieving the opportunity to participate in the San Mateo County Planners Association, perhaps by adopting the proposed resolution included with this letter. If this cannot be a Consent Agenda item, it would be convenient to schedule it for the 11 July meeting when Council members will be present.

The Chair of our Planning and Zoning Committee is Elisabeth Vespremi, who can be reached at the Council's mailing address or at (415) 728-9260.

Sincerely,

Jim Marsh, Chair
