Dear Mr. Marsh:

**RE: SIGN AND OFFICE LOCATION FOR MID-COAST COMMUNITY COUNCIL**

This letter is in response to your question regarding the placement of a sign identifying the location of the Coast Side Community Council.

It is possible for your organization to place an identification sign at the airport. This sign would have to be located on the existing sign pole for the airport directory sign. Additionally, the sign would have to be designed to match the existing airport directory sign.

We have also made arrangements that will allow you to gain access to the Airport Terminal Building after hours. If you wish we can relocate your organization in the Airport office located in the Terminal.

For further information contact this office at 573-3700.

Very truly yours,

Gary E. Petersen  
Airport Manager
