Re: Devil's Slide Bypass Community Meeting 10-20-93

Dear Mr. Jahrling:

The MidCoast Community Council invites your representatives to a Townhall Community Meeting about the Devil's Slide Bypass. The MidCoast Community Council has scheduled this meeting for October 20, 1993 at 7:30 pm at Farallon View School in Montara.

San Mateo County Supervisor Ted Lempert has agreed to serve as facilitator/moderator for this public meeting. The meeting is anticipated to last approximately a 3 -4 hour period.

A tentative agenda is as follows:

- Introductions by Mr. Lempert
- 40 minute presentation by Cal Trans
- 40 minute presentation by CPR1 - Committee for the Permanent Repair of Highway One
- Public Comment - limited to 3 minutes each
- 10 minute close by CPR1
- 10 minute close by Cal Trans
- Closing Statement by Mr. Lempert

Acknowledging that the current state of the Bypass is in flux, the MidCoast Community Council has decided to hear what the public has to say. We invite your representatives to be prepared to make this presentation and to partake in this public information exchange.

I look forward to hearing from you.

Very truly yours,

James Marsh  
Member Mid Coast Community Council (h) 415-726-3589
