3. Bill Mahar, Nancy Hansen, Cindy Koepf, Karen Keane and Jerry Laster met with Anna Eshoo and Tom Casey (County Counsel of SM County) on the afternoon of 1/10/91. Both Anna and Tom expressed concern about the length of our By-Laws and the willingness of the Supervisors to read the document. They suggested that our Resolution be confined to about 3 pages (a la the Fair Oaks Resolution) and that it include only those parts of the By-Laws that fulfill the MAC requirements. Overall, the impression was given that they felt there would be no problem obtaining the MAC status and that to insure this, the MCCC should undertake a "personal lobbying" campaign of each Supervisor.
4. Mal will look into the possibility of hiring a high school student to record and type minutes. M, S & A : Max. wage of \$25 per -----
