Re: Support for eradication of invasive jubata/pampas grass in the Midcoast

Dear Mr. Johnson and Ms. Ketcham:

On behalf of the District Board of Directors, this letter serves to advise you of the Granada Community Services District's support for the MCC goal to eradicate jubata grass in the Midcoast. We appreciate the Council's initiative to start an area-wide, interagency effort and the District is dedicated to fully participating.

Next month the District Board will consider a policy allowing eradication and/or management of jubata/pampas grass and other invasive non-natives on District owned property. Any assistance, referrals, or information that Ms. Ketcham can pass on to us to further these goals, will be appreciated.

Please forward information to Assistant General Manager Delia Comito by contacting her by phone at (650) 726-7093 or by email at dcomito@granada.ca.gov.

Sincerely,

GRANADA COMMUNITY SERVICES DISTRICT
