

# Highway 1 Mobility Study and Draft Action Plan

## Status Update – Next Steps

Len Erickson  
MCC Regular Meeting  
Date: July 11, 2012

# Highway 1 Requested MCC Actions

See MCC website Highway 1 Issues Page for Details

- TA Grant Request for Medians, Left Turns and Crossing

**Action Taken June 20: Letter of support for grant request**

- Highway 1 Safety and Mobility Studies

**Action by mid-August: Approve Phase 2**

- Highway 1 Action Plan Draft

**Action by mid-August: Provide comment**

# Concerns with Mobility Studies and First Highway 1 Grant Request

- The two safety and mobility studies do not satisfactorily provide complete, understood concept plans

The recent TA Grant request showed the absence of a defined, continuous community role in the refinement of concepts and plans (ref. p. 13)

- Project Scope Participants: List the agencies, regulatory agencies, and major stakeholders who will be involved with implementing the project scope.

Project Scope Phases	Participants
<i>Preliminary Planning (e.g. Alternatives Analysis, Feasibility Study)</i>	SMC Planning Dept., CalTrans, SMC Public Works, SMCTA, C/CAG
<i>PID</i>	SMC Planning Dept., CalTrans, SMC Public Works, SMCTA, C/CAG
<i>Environmental (PA&amp;ED)</i>	SMC Planning Dept., CalTrans, SMC Public Works, SMCTA, C/CAG
<i>Design (PS&amp;E)</i>	SMC Planning Dept., CalTrans, SMC Public Works, SMCTA, Calif. State Parks, Committee for Green Foothills, Coastside Bicycle Coalition, Residents, MCC, C/CAG
<i>Right of Way</i>	SMC Public Works, SMCTA, MCC, C/CAG
<i>Construction</i>	
<i>Other:</i>	

# Concerns about Highway 1 Action Plan Draft

- Improve transparency and clarity by organizing the draft plan by priority and major areas
- Provide good tools for meaningful feedback at the community level

## Highway 1 Project Action Plan

Update: 9-Jul-12

### Major groupings of the projects

For each major grouping of projects there should be explanation/documentation of how the projects are connected to the concept plans whose source is the Highway 1 study or other references.

The design implementation projects refer to specific improvements taken from the two phases of the Highway 1 Safety and Mobility Studies. The two studies taken together provide the concept plans.

The public role in documenting, completing and reviewing modifications to the concept plans should be clearly identified.

For studies and policy projects, the LCP may initiate policy and study projects.

The application of the MCC to projects in this area should be identified as a written description which can be understood on direct reading and not by reference to policy numbers and revision levels.

### Priority of projects and groups of projects

These groups are in order of overall priority importance to community  
Projects in each group are listed in priority and/or time order

Medians / Crossings / Left Turns  
Circulation  
Trails  
Parking  
Mountain Trails  
Other  
Comments not yet incorporated in document

### Explanation of Project Documentation

Below is a sample of how projects are listed in this document

Gray Whale Cove Parking Lot	Left turn lane and crossing improvements	Caltrans	Initiate Project Study Report	Short	Top	Measure A HSIP (CalTrans)
			Environmental Analysis, Design, Permitting, and Construction			

#### NOTES AND COMMENTS

CalTrans will need to do work, we can initiate conversation and seek funding (county)  
Current crossing has poor line of site (Len Erickson)

Refer to separate document: [H1ActionPlan Draft-MCC.pdf](#)

# Recommendations

- Draft action plan re-organization
  - Adopt and work on the revised plan format.
  - Request feedback from the county on the re-organized information including comments collected to date
- Create a permanent framework for community participation
- Communicate with county on these matters as soon as possible. Work with the county to complete the Highway 1 Action Plan update by mid-August
- Conduct discussions in individual community areas to complete and extend concept plans. (This effort may be linked to the TA Grant if the application is successful)
  - Montara
  - Moss Beach
  - El Granada & Miramar
