

Covid-19 Generally and Vaccine

- San Mateo County is within the orange tier of the State's framework with 4.2 daily new Covid-19 cases per 100,000, 1.8% positivity rate, and 1.5% Health equity quartile positivity rate. For more information on tiers and our County click [here](#).
- Following state and federal guidance, County Health has paused the use of Janssen (Johnson & Johnson) vaccine. Community clinics with planned use of Janssen will switch to Pfizer or Moderna. Other initiatives that utilize Janssen, including vaccination of homebound residents, patients discharged from hospitals, and new bookings at correctional facilities, will be reevaluated. More information can be found [here](#).
- Tomorrow (March 15th, 2021) eligibility will increase to everyone 16+, County health is still *severely* constrained by vaccine supply. Currently County Health is continuing to focus on small, targeted clinics in communities in need.
- If you want more information about the vaccination program and when/where you can get a vaccine please click [here](#).
- Five dashboards show totals, demographics, the cities/communities of vaccine recipients, vaccine administration in HPI neighborhoods, and overall vaccine distribution
- San Mateo County's Emergency Rental Assistance Program (ERAP) website is scheduled to go live on Monday, April 19th. The website is not up yet, if you want to see if you are eligible, either as a tenant or landlord, please click [here](#).

Multimodal/Parallel Trail

- The Multimodal trail project is moving on schedule, the target date to begin advertising bids is May 7th and to open bidding on May 28th. Construction is still anticipated to begin in Summer of this year.
