

Connect the Coastside and Cypress Point Process Update – MCC - 5/27/2020

- April 22:
 - Interim plan for intersections
 - Follow Up - Coastal Commission Staff – Phone Conversation with MCC Chair
- May 27: ICE (Intersection Control Evaluation)

ICE is a Caltrans required analysis to look at all options for intersection control, including a roundabout, and that it yields a 10% design with preliminary cost estimates and assessments of environmental effects of the control project.
