

# FINAL MASTER PLAN

Midcoast Community Council

November 30, 2022

# WHAT THE MASTER PLAN IS

- The Quarry County Park Master Plan is a park-specific visioning document
- The plan establishes high level goals and desires for the park
- Does not identify or define every individual project that may occur
- Focuses only on what the Parks Department can implement within the park, not multi-agency or regional efforts

# VISIONING & OUTREACH

## Robust, multi-faceted outreach process

- Five (5) Community workshops
- Online surveys
- On-site walks
- Public Webinars
- MCC Meetings
- Written Comment

## Public input has defined the plan contents

- Plan contents, recommendations, and vision reflect the community input received
- All public comment received in 2022 also added in the appendices

# QUARRY PARK WITHIN THE COMMUNITY

Quarry Parks is part of the community of El Granada, along with other open space areas

Many community concerns raised are regional in scale

Require involvement of multiple agencies

- Wildfire Risk
- Drainage & runoff
- Regional trails and connections
- Street parking

# FUTURE EFFORTS

- The Parks Department has heard and kept a record of comments & concerns raised by the community
- The Master Plan includes and incorporates recommendations and priorities that the Department can work toward within Quarry Park
- Future collaboration with other agencies, departments, jurisdictions can occur separate from the Master Plan adoption
- Parks has and continues to collaborate with other park and open space districts, the San Mateo RCD, Department of Public Works, and other relevant Midcoast agencies
