

About the event

The Reaumont Foundation and Chicago's top business professionals come together on Thursday, March 2nd, at the iconic Chicago House of Blues. Join us as they step into the ring to knockout cancer and raise money for patients, families, and the hospitals that serve them.

The evening will include championship amateur boxing, an open bar, dinner, live auction, and live entertainment. All proceeds from the event will go towards impacting the lives of those with pancreatic cancer.

WHEN: Thursday, March 2, 2023
WHERE: House of Blues Chicago
Doors open at 6

About Us

The Reaumont Foundation was established on October 26th, 2018, one year after the passing of Robert Reaumont to Pancreatic Cancer. The foundation was established to provide research grants to doctors and comprehensive cancer centers focused on cutting edge research to combat the effects of the 3rd leading cause of cancer-related deaths in the United States.

Additionally, The Reaumont Foundation was established to provide financial assistance to families recently diagnosed with Pancreatic Cancer. The financial and emotional burden can be overwhelming and our foundation seeks to help those dealing with this deadly disease. Pancreatic Cancer has one of the lowest 5-year survival rates of only 11%.

With your help, Bob Reaumont's encore to end Pancreatic Cancer will be possible in our lifetime.

Our Mission

HOMES OF HOPE

Often, the best chance of a successful outcome for a patient with pancreatic cancer is to travel to a hospital far from home. Travel costs add up quickly, especially when patients consider lodging, transportation, and food. Patients who need housing for extended cancer treatments may need to spend several hundred to several thousand dollars, depending on their length of stay. When considering these costs, it can feel incredibly overwhelming to move forward with treatment far from home.

Homes of Hope aims to ease the financial burden of housing, provide better access to the nation's top cancer hospitals, and provide a "home away from home" to families during their most difficult days.

THE FAMILY FIRST FUND

The Family First Fund aims to remove some of the financial burden and stress that nearly always accompanies a pancreatic cancer diagnosis. This diagnosis is extremely disruptive to a family system, especially in terms of finances, employment, and security.

PANCREATIC CANCER RESEARCH

We strive to work towards better outcomes and treatment by directly funding cutting edge research at the nation's top oncology hospitals. We support research to advance the development of early detection and treatment options available for those diagnosed with one of the most deadly cancers.
