• Setting Your Password

- A new window will open for you to set your password.

The screenshot shows the OpenAthens account activation interface. At the top, the OpenAthens logo is displayed. Below it, the text "OpenAthens account:" is followed by a blacked-out field. The main heading is "Activate your account". A grey box contains the instruction "Create a password" with a list of requirements: a minimum of 10 characters, three random words (e.g., "correct horse battery"), the use of uppercase letters, numbers, symbols, and spaces, and the exclusion of the username. Below this is a "New password:" label and a password input field with a "Show" button. A "Confirm" button is positioned below the input field. At the bottom, a footer states: "By using this site you agree to us setting cookies. Please see our [privacy and cookie information](#)".
