Sponsor Circle Fundraising Tips and Tools

Sponsor Circles must raise a minimum of $2,275 per individual welcomed to support newcomers as they integrate into their community. Sponsor Circles in certain locations may raise and spend more than the $2,275 per newcomer. It is strongly encouraged that the Sponsor Circle stay within budget, this ensures that the newcomers understand the limits of the support the group can provide and helps newcomers transition past the sponsorship period.

Considerations

- **Unused funds**: Create a clear plan for any funds raised beyond the $2,275 per newcomer that you are confident will not be used. Communicate this plan to donors in your fundraising message. Excess funds may be held for your next newcomer sponsorship or donated later, if appropriate, to a community organization supporting the same population or a local refugee resettlement organization.

- **Application not approved**: Create a plan for funds in the event that your Sponsor Circle application is not approved. Funds may be donated to a community organization supporting the same population or a local refugee resettlement organization.

- **Before transferring any funds to the newcomer family**, Sponsor Circles must determine whether the funds transferred will affect the newcomer’s benefits in a way that jeopardizes their stability and/or have income tax implications that the family cannot anticipate independently at this early stage. Sponsor Circles can consult with their Sponsor Circle Umbrella and/or with a tax advisor (such as VITA) for any state specific or federal guidelines.

Fundraising Tools

**Promotion**: Create a one-page overview about your Sponsor Circle and your role in supporting and welcoming a newcomer family. Remember, people are far more likely to give to a person than they are to a cause. Once you have completed the overview, email/text to your network, linking them to your online donation tools (see below).

**Online Donations**: Online fundraising has become a common practice over the past decade. There are several fundraising sites that can be used, such as GoFundMe, and social media platforms that you can use to promote your fundraising. Visit GoFundMe Tips for more.

**Online In-Kind Donations**: You can use online collection and organizing tools to facilitate in-kind donations. Once commonly used resource is Sign Up Genius.

**Individual, Corporate or Faith Donors**: Local businesses, faith groups, schools, and universities may be interested in supporting newcomers but are unsure how to help. You can give them the opportunity. The “ask” to support newcomers by providing financial or in-kind donations is best made over the phone or in-person. Be prepared and carefully consider how you will handle offers of non-monetary support, such as in-kind donations or job opportunities for the newcomers.

**Special Events**: Special events can be time-consuming and costly forms of fundraising, however there are ways to make them manageable: 1) Consider your target group and what event would appeal most to them; 2) Create a budget in advance, anticipating what you will spend and what you will raise; 3) Secure in-kind contributions for supplies rather than purchasing them.
Consider a personal, handwritten note
Explain the impact of the donation
Provide an update on your efforts (do not include personal information about your newcomer family)
