Under Governor Whitmer’s leadership, Michigan has:

- **Higher incomes**, personal income increasing at one of the highest rates in the nation.
- A record $3.5B **surplus**, up from a projected $3B deficit.
- The strongest **automotive manufacturing** nationwide.
- Won multiple awards and ranks high on **multiple lists** for manufacturing strength, business climate, job creation and foreign direct investment.

After the once-in-a-century pandemic, Michigan’s economy is poised for a once-in-a-generation comeback.
GOVERNOR WHITMER’S ACCOMPLISHMENTS

Governor Whitmer continues to be laser-focused on putting Michiganders first.

Her administration has:

- Created 15,000 auto jobs.
- Made the largest education investment in state history.
- Established Michigan Reconnect and Futures for Frontliners to put more people on a path to high education or skills training.
- Delivered hundreds of millions in aid to keep small businesses, restaurants and workers afloat during the pandemic.
- Continued to fix roads and improve water infrastructure while creating tens of thousands of jobs.
The American Rescue Plan provides Michigan with $6.5B at the state level and $4.4B to cities and counties. This investment of federal dollars provides Michigan with a once in a generation opportunity for transformational investments in health, education, infrastructure and economic opportunity.
Seven criteria for decision-making across all investments

1. **Pandemic**: How does the proposal address issues created by or exacerbated by the COVID-19 pandemic?

2. **Equity**: Does the proposal address a change in societal opportunity and/or eliminate disparities/gaps in outcomes for underserved and underrepresented populations?

3. **Transformational**: What is the opportunity for transformation and/or social change for Michigan’s residents?

4. **Leverage**: Does the proposal leverage additional resources from the private, public, and/or philanthropic sectors?

5. **Sustainability**: How sustainable is the proposal? Will it require ongoing support? What is the potential return on investment?

6. **Efficacy**: How effective would the proposal be in solving a defined problem? Does it use techniques that are highly likely to achieve the desired outcome? Does it clearly define how success will be measured?

7. **Implementation**: How much support does the proposal currently or likely will have? Is there capacity to implement it now?
MICHIGAN’S BIGGEST ECONOMIC CHALLENGES

1. Too Many Low-Wage Jobs
2. Not Enough Workers
3. More Good Jobs Requires More Skilled Workers
4. We Can’t Ignore Small Businesses
5. Vibrant Communities are a Driver of Economic Development
WHAT IS GOVERNOR WHITMER’S FRAMEWORK TO ADDRESS THESE CHALLENGES?

- Grow the middle class
- Support small businesses
- Build strong communities

MI NEW ECONOMY
Goals:
Invest in post-secondary education, from short-term skills development and job training to providing access to education at community colleges, as an equitable path to better incomes and better jobs, while addressing the major costs for working families, such as childcare, that prevent families from being able to make ends meet.

Build a Talented Workforce North Star Goal

- 60% of adults with a postsecondary credential by 2030

Grow and Strengthen the Middle-Class North Star Goals

- Lift 100,000 families out of working poverty during the next five years (FY22-FY26).
- Provide access to low or no cost childcare for 150,000 more families by 2024.
### ARP Proposals: $722M to grow the middle class and educate workers

</tr>
<tr>
<td><strong>Community Revitalization &amp; Placemaking Grants</strong></td>
<td>Grants for the rehabilitation of vacant buildings, repurposing of space, or the creation of social-zones to build stronger and healthier neighborhoods and communities.</td>
<td>New/Rehabbed Housing Units; Increased Commercial, Residential Occupancy at Blighted/Underutilized Properties</td>
</tr>
<tr>
<td><strong>Residential Clean Energy Improvements</strong></td>
<td>Create healthier, cleaner, and more energy efficient homes by expanding the capital available for clean energy improvements through the low-income housing tax credit program, property improvement program and the neighborhood enhancement program.</td>
<td>Decreased Household Energy Costs; Decreased Carbon Footprint</td>
</tr>
<tr>
<td><strong>Large &amp; Strategic Site Development</strong></td>
<td>Invest in making crucial infrastructure and other site improvements that will increase Michigan’s inventory of sites 300 acres and larger.</td>
<td>New/Rehabbed Infrastructure at Sites for Business Development; Better Jobs</td>
</tr>
</tbody>
</table>
• **Better jobs**
  - More small businesses survive, grow revenue and better jobs.
  - More start-ups survive, commercialize technology, and get funded by angels and venture capital investors, leading to better jobs.
  - Increased amount of STEM workers.
  - Increased EV friendliness, leading to more EV jobs.
  - Stronger manufacturers providing better jobs.

• **60x30**
  - More BAs, ADs, and industry recognized credentials.
  - Increased labor force participation
  - Lifting families above ALICE
  - Decrease in labor supply-demand mismatch

• **Increased ARP ROI**
  - Greater alignment on ARP investments with and among local governments.

• **More housing and reduced costs**
  - New and rehabbed housing units.
  - Reduced residential energy costs.

• **Improved infrastructure**
  - Infrastructure improvements at sites for business development.

• **Increased commercial and residential occupancy in downtown spaces**
PILLAR 1: GROW THE MIDDLE CLASS

No economic vision for the state can be complete if it doesn’t focus on eliminating poverty and lifting families into the middle class.

Goals:
- 60% of adults with a postsecondary credential by 2030.
- Lift 100,000 families out of working poverty during the next five years (FY22-FY26).
- Provide access to low or no cost childcare for 150,000 more families by 2024.

PILLAR 2: SUPPORT SMALL BUSINESS

To supplement the great economic development work our state already does, Michigan needs to focus on creating and growing more Main Street businesses.

Goals:
- Top 10 state for small business job growth and revenue growth from 2022 to 2026.
- Top 10 state for household income growth during the next five years (FY22-FY26).
- Top 10 state for growth in venture capital funding over the next five years (2022-2026).

PILLAR 3: BUILD STRONG COMMUNITIES

Michigan’s residents deserve to live in vibrant communities with services and amenities associated with a high standard of living.

Goals:
- 100% access to high-speed internet and 95% adoption by households during the next five years, while continually investing in higher quality access (FY22-FY26).
- 75,000 new or rehabilitated housing units in five years (FY22-FY26).
