PodPerfect Is The Answer!

So, what's the question...?

Automatic Brewers and Coffee Devices, Inc.
abcdusa.com | 610-828-6000

Can ABCD be the answer to YOUR espresso co-packing needs?

- Custom Frac Packing**
- Grinding
 - 20 gram to 16 ounce
 - Nitrogen flushed
 - Boxing and labeling

- Upshot Filter Supplies**
- Recyclable #5 PP
 - Lid stock
 - Bio-cup option
 - Co-packing option

How to replicate the espresso experience with end users?
PodPerfect Pods are the perfect solution for ensuring your product brews the espresso you want for end users.

How does ABCD do that?
We invented and perfected pod making technology. PodPerfect Pods are made to your exact specifications. Supply ABCD with beans and brew specs, then we will take care of the rest: grinding, dosing, tamping into nitrogen flushed pouches.

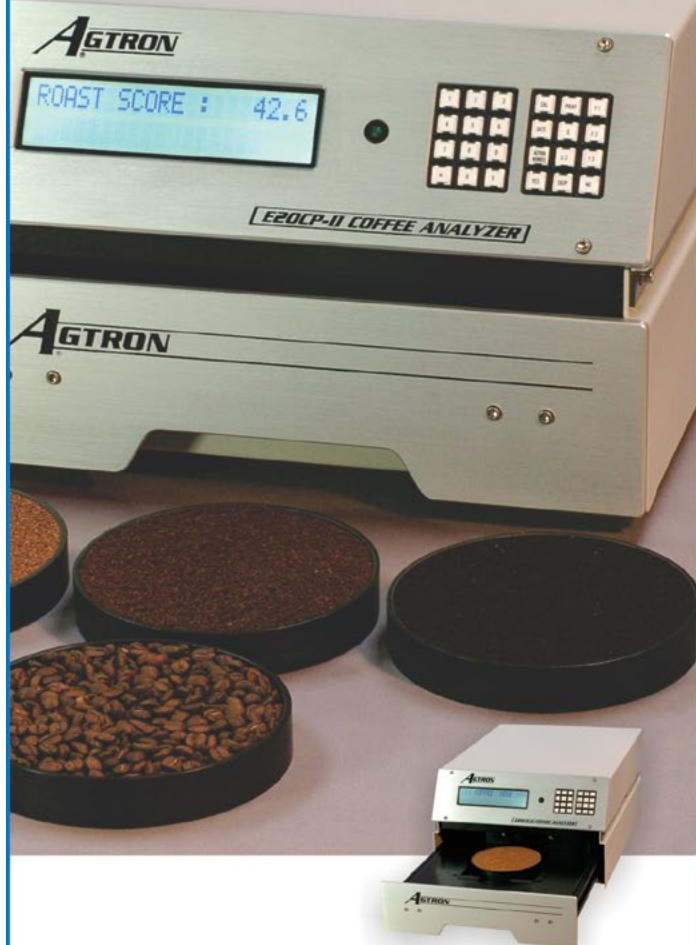

What are the advantages of PodPerfect Pods?
Pods are biodegradable - encapsulated using filter paper to prevent filling landfills with plastic. PodPerfect Pods offers consistent espresso shots with crema every time and eliminate grinder capital and maintenance costs - plus, cleanup is a breeze.

Can we have it our way?
Of course. ABCD wants to be your co-packing partner. We offer single and double-shot pod in three sizes, nitrogen flushed to maintain freshness that can be customized with your company's logo on each pouch.

ABCD has the answer: PodPerfect Pods...

- Ground precisely to your exacting brew specs
- Eye appealing crema, every time
- Easy cleanup requiring less costly maintenance
- Custom packaging
